

Agestratos,ep.

not far from 200

Hiller 220-180 based on occurrence (3 or

5 examples) in Pergamon.

Agora context: no good (Earliest terminus
is early Roman, for SS 4865).

Internal evidence: angular handles, all
probably belonging to same generation.
On SS 6088 an alpha with triangular bar
and a possible cross-barred theta.

Coupled with fab. Agathokles
(see Bleckmann, 1907, p.31)
