My dear Sir

For your very kind letter and photographs of yourself and Mrs Schliemann I pray accept my very best thanks, they will be I assure you duly prized and I am very pleased to receive them, as you say, as a "return gift" The Gentleman to visit you at Brighton as you kindly invite me

to do is too great to be
refused I will therefore
do myself the pleasure
of calling on you and
Mrs Schliemann on Saturday
next - I trust she will
find benefit from the
sea baths, Brighton is con-
sidered an invigorating
place, an Arundel sun
is softer, she may perhaps
some day be induced
to try it

With kind compts
believe me, my dear Sir
yours sincerely

Cher Monsieur

Votre aimable lettre m'a causé de vifs regrets : j'étais convaincu de l'intérêt qu'il y aurait eu pour vous et pour le public à ce que notre collection, inconnue de tant de monde, figurât à l'Exposition. Ces regrets, la Commission centrale les partagera certainement comme son Président et le Commissaire général de l'Exposition, tout en vous sachant beaucoup de gré de vos bonnes dispositions.

J'avais lu dans le Temps le compte rendu de la séance de Burlington House : malheureusement l'espace a manqué au journal pour en parler, tant nous sommes inondés. Bien merci pourtant de votre attention.

J'ai réellement le désir de vous voir ~~trouver~~ en France l'attention que mérite vos travaux que je me hasarde à vous poser encore une question. Ne pensez-vous donc pas visiter notre Exposition de géographie que s'ouvre le 9 juillet prochain ? N'êtes-vous pas déjà membre du Congrès et ne

The sight of your card and my Wife's account of your visit caused me very mingled feelings on my return home this Evening. I was deeply gratified at the honour of your visit, but how shall I express the depth of my disappointment at not being at home to receive

421 (6)

It would seem as if the deities hostile D I know had been at work — D prevent our meeting except for those few minutes after your most interesting Lecture. Though I am looking forward with pleasure D meeting you at Mr. Murray's, I feel that this will not be enough. I want first a tête-à-tête to talk over Troy & the Book, & my wife gives me D understand that this is your wish also. There are two ways of accomplishing this. First, both my Wife & myself would feel highly honoured if you would come here for a quiet cup of coffee or Tea & a long Evening's talk, or an afternoon if it would suit your better. But, as I fear you have found D-day that the distance here is inconvenient, I rather incline D ask you D name a time at which I may have the honour & pleasure of waiting upon you at your Hotel at Charing Cross

Прибыл я сюда на лошадях
несколько другим путем, а
именно чрез Киев я не напра-

Азовским морем до Керчи.
Здесь я осматривал разли-

Особенно великолепна панорама

Я отвернулся в сторону на

жает собою пространство
более нежели на 100 верст
так что во время Крымской
войны 1855 года очень многие
выбирались на Татыр Даг и
при помощи зрительной трубы
могли видеть военные действия
Вслед я на гору довольно пру

нисколько опасен. Я выехал
в Алупки в 2 часа ночи
и потому успел взойти на
гору прежде нежели солнце
взошло. Картина восхода

Hochgeehrter Herr Vetter!

Ihr glückwünschendes Schreiben, welches Sie an England gerichtet haben, hat auch uns die größte Freude bereitet; man sieht daß, daß das Verhältniß der Welt zu allgemeinen Ihnen entsprechenden günstig ist und von Tag zu Tag günstiger wird. Ich habe eine Hoffnung gehegt, welche Sie über Ihre Pläne haben lassen und ob Sie auch, wie es früher Ihr Absicht war, bald wieder nach Europa zu kommen gedenken: diesen Abschluß Ihrer Arbeiten sollten Sie doch so wünschen und einrichten, wollen ist Ihnen die wichtigste Angelegenheit behilflich?

Da gewiß wiederholt englische Ausgaben Ihrer Briefe ist mir ein sehr willkommener Gruß für meinen (Lieder) noch gänzlich fehlenden Liebhaber. Ich sage Ihnen mein schönsten Dank dafür. Heute habe ich sie an Lolly verwandt, wo ich die Beschränkung bedauere. In einem Gedichten sehr viel gelesenen Gedichte, Ihre Dichtung habe ich das Lied so bewirkt empfunden, wenn es auch ohne Zweifel nur in einer schlechtesten Gesellschaft sein.

Heute schicke ich einige Exemplare meines Gedichtes an Ihre Adresse ab. Vielleicht finden Sie Gelegenheit, irgendwo zu bemerken, daß überhaupt mein Exemplare (oder gleich Buchhandlung) durch den von dem Buchhändler Locher in Zürich zu beziehen sind, welchen ich einen Auftrag Ihnen Exemplare zu Commission gegeben habe. Es ist mir so, wünschte, daß Ihnen Gladstone mein zudenkender

Mille fois merci de l'envoi du Times avec l'article sur ta conférence devant la Société archéologique de Londres. Tu as obtenu un grand et légitime succès et les paroles de Mr Gladstone contribueront à rallier des savants à ta manière de juger les choses de Troie

Moi, qui ne suis qu'un ignorant, je puis te dire que les personnes avec lesquelles j'ai eu occasion de discuter ton sujet, ont toutes rendu hommage à ta façon claire et naturelle d'expliquer les trouvailles et d'éclaircir ainsi l'histoire de l'ancienne Troie, plongée jusqu'ici dans des ténèbres profondes.

SENATO DEL REGNO

Napoli 8 Luglio 1875-

Carissimo amico Prof Schliemann

Vi ringrazio delle buone nuove che mi date del prospero stato della vostra salute e della gentile vostra consorte. E spero che cotesti bagni di mare abbiano ben presto a compiere il ristabilimento della sig Sofia, alla quale Clementina manda molti affettuosi saluti -

Il vostro ben meritato trionfo a Londra, e il Discorso del Gladstone mi erano noti, avendo ricevuto il Times da una Signora mia amica che dimora a Newland, e che conosce il mio amore per Troja Storica, e Preistorica - Evviva Evviva - Io ne ho goduto come una mia propria buona ventura - L'Inghilterra è entusiasma sempre che grandi cose

317 (b)

Sia Mazzini, sia Verdi, sia Garibaldi, sia Bismarck, purchè possa fortuna un Leone
Il popolo Inglese va sempre in fiamme.
Or come non sarebbesi rispiammato alle rivelazioni d'un mondo preistorico, e del mondo Omerico? A giudicarne da me, le vostre scoperte Troiane son fatte per commuovere tutti gli animi dei cultori della Scienza archeologica – Evviva Evviva Schliemann
Pompei ci ha dato troppo la scoperta di molte Tabelle cerate – documenti della vita privata e pubblica dei Pompeiani –
Negli Abruzzi – presso Avezzano – furon sempre trovati residui di armi e vasi preistorici, e Fiorelli crede che colà possano utilmente usarsi le ricerche del mondo antistorico. – Ne parleremo seriamente al vostro ritorno in Napoli, che mi auguro in fine di Settembre
Buon viaggi quindi per la Olanda, la Svezia, la Danimarca, e la Norvegia!

Monsignor Mirabelli, che vi saluto caramente, ha fatto rappresentare dai suoi giovani allievi la commedia di Plauto Captivi, che ha avuto un immenso successo, e fatto ripetere tre giorni alla presenza di varii Ministri, che vennero espressamente da Roma
Il gusto pel Greco e pel Latino comincia veramente a ridestarsi in Napoli –
Addio mio caro Schliemann
Una stretta di mano alla sua Sofia da parte
del vostro aff.mo amico

P. BEAURAIN
SUCCESSEUR
DE Mr DESTIGNY
Rue de la Chaussée-d'Antin, 25
PARIS

Paris 9 Juillet 1875

à Monsieur H. Schliemann,
Charing Cross Hôtel.
à Londres.

Monsieur,

J'ai l'honneur de répondre avec empressement à votre lettre d'hier:

Maison 9, rue Andriot.

Les travaux aux souches de cheminées et aux toitures sont avancés; mais Monsieur Gravereaux a trouvé certaine partie des toits en fort mauvais état et aurait bien voulu que vous fussiez là pour décider avec vous de tout ce qu'il y avait lieu de faire - il n'a exécuté que les travaux indispensables - Je suis moi-même monté sur les couvertures pour me rendre compte de l'état des choses et j'ai reconnu qu'il était fort possible de ne rien faire du tout, en conséquence je crois que Monsieur Gravereaux a fait pour le mieux -

Veuillez agréer, je vous prie,

Monsieur,

la nouvelle assurance de mon entier dévouement -

P. Beaurain

La Boutique Hirsch n'est pas encore louée ; mais il se présente un amateur avec lequel il y a espoir de traiter ; je vous tiendrai au courant dans ma prochaine lettre.

Maison Rue de Calais 6.

Les travaux que j'ai visités marchent un peu lentement avec le peintre Chambourg ; mais ils marchent.

L'appartement du rez de chaussée à droite Calais 6 est terminé.

L'essai de changement dans les appartements n'a pas encore été fait ; il faudrait une occasion et voici précisément qu'elle se présente avec un amateur qui ne veut louer qu'à cette condition l'appartement au 2e Etage à droite E. B. J'espère terminer cette location au prix de 600f. lundi. Il nous restera encore 6 appartements à louer pour Juillet et je ne vois guère d'amateurs à ce terme dont vous le savez, l'un des deux mauvais termes de l'année.

Maison 93, rue de l'arcade.

Je ne puis trouver à louer les 2 appartements qui seront libres le 15 juillet, le commerce ne va pas presque personne et cependant j'ai soigné ces appartements très souvent ; je ne trouverai guère à louer que pour octobre je le crains.

J'ai examiné de nouveau le vestibule du rez de chaussée de cette maison ; il est vraiment sale ; je serais d'avis de le faire nettoyer un peu ; il suffirait de blanchir le plafond qui est noirci par le gaz et de laisser les peintures qui sont bonnes ; cela redonnerait un meilleur coup d'œil pour l'entrée de cet immeuble. La dépense est insignifiante dites-moi si vous y consentez ou si vous préférez attendre.

Maison 5 Boulevart St. Michel.

Le meilleur et le plus agréable de vos immeubles ; tout y va bien.

J'espère que vous reviendrez bientôt ici et que Madame Schlesinger est ainsi que vous en parfaite santé.

Dear Dr Schliemann

I am much obliged to you for your photograph and have added it to my album of notabilities. As I was always a Philhellene and am still I shall be glad to have one of Madame Schliemann also and you are good enough to propose.

As regards Her Prehistoric Book I can understand it to be of great usefulness and value, but being this and belonging to an issue of 250 copies only I have not quite the face to ask for a copy. It is true that my name is Rolleston as pronounced if not as spelt and it is also true that I am not over-encumbered with false modesty, but I have some real, and am not [illegible] deadly sins. Many thanks all the same!

I hope we may meet again before long. And in the mean while I hope you will not be disappointed by the amount of sympathy which your labours, zeal, and aspirations call forth in this Country

I am
Yours very truly
George Rolleston

My dear Friend.

I am afraid you will think me very negligent in answering your kind note of 7th inst addressed to Paris. I am just now staying a few days with one of my sisters here, and only just now have received your good news, as I have been traveling about

14 July 1875.

Most honored & learned Doctor.

Many, many thanks for the newspaper cutting you have been so obliging as to send me per post for Brighton. Unfortunately I do not see Yr present address — so I am obliged to address this to the care of the Soc. of Antiquaries — hoping that the gentlemen there will be so very kind as to direct this to yourself.

I have taken the liberty of sending a copy of the newspaper article containing the description of the ornaments which has been made to you by the Soc. of Antiquaries — of Mr Gladstone's speech — to the Redacteur of the Journal de St Petersbourg asking him to reprint it here of explain to the public here

Dr H. Schliemann &c &c.

85(b)

that the information about Your reception in England — as given by his Journal this year (see Newspaper cutting - enclosed under this envelope) is quite erroneous. In fact the deduction is quite absurd — as You will see — I send You the Newspaper cutting in question as a curiosity. In fact it is a very remarkable thing — how far "envy" can lead people in the way of "doubt" or rather obstinate "blockheadness"! Now, I have a petition to address to You — most honored Doctor; my friend the Redakteur of the Berliner Tageblatt (Mr Engelmann) has seen a magnificent portrait of Your honored self — in my possession — & has most

importunately — ever since that day
asked me — to allow him to
get it xylographed for his
beautiful Journal — Of course
I refused to allow him this
liberty — until I have received
your permission to publish your
portrait — He now asks me
to do my best to receive your
permission for this purpose &
at the same time to beg you
to be so kind as to give him
a short sketch of your own
Biography as well as a sketch
of your proceedings at Graz.
If a biographical sketch of yourself
has already been published abroad

85(d)

would You be so kind as to
send a cutting of the newspaper
containing it — or only to
indicate the N°. &c. If the
discussion of these two propositions
upon Sat. both for myself & for
Mont. Cantabrigiensis — is not
an impossibility — much honored
& learned Doctor You would
oblige us — & all true lovers of
learned public — reading &
esteemed publication of Mr Silliman's
the Sc. Jnl. is the best illustrated newspaper
here — as You know! & should
Some of Your discoveries or
Illustrations has been placed in one
of the Nos! of the Scientific American
for last Year — & if You wish I
can send it on — if You will

be so very obliging as to give me
Your exact address in England or
elsewhere. I also take the liberty
of sending per this post a brochure
lately published by our Archæological
Commission — it is a list of the
principal ancient Edifices which
preserved in the town of Pskov — it
has been written by the Secretary
of our Society Mr Evlentieff,
at the initiative of the Presi-
dent of the Moscow Archæological
Society Count Uvaroff. It is not
worth much, being very incomplete.

Please excuse me this very
badly written letter — my excuse
is that I took — also very
badly on my nerves &
makes me very impatient &
careless — which I do feel

I ought not to be — while
writing a letter to so highly
esteemed & learned — such as yours
We have very hot weather just
now — & no rain !! All corn
is drying up — so that we have a
good chance of seeing famine
making its appearance about
December.

Hoping to have the honor
of hearing from You whenever
You find a few minutes to spare
for Your poor Russian correspondent.

I have the honor to remain
most honored & illustrious Doctor
Your most obedient,
obliged servant

Mein lieber Ernst.

Aber Deine Trauung in London bringt
die deutschen Zeitungen und seit einiger
Zeit Mittheilungen, insbesondere über eine
sehr gehässige Verfemung von Adressaten,
in welcher Du einen Rath gehalten und Gladstone
seine Ansichten über Troja wieder vorgetragen
hat. Wenn Du gute Laune mehr, kannst
Du sie denken. Dein Schreiben vom 8. d. M.
welches Du allen bestätigst, war uns deshalb um so
interessanter und sehr willkommen, wenn Du den
Großherzog von Strelitz besuchst, mit dem Onkel
Mandschen Ernst zusammen! Wenn Du uns zu
uns kommst, wirst Du Dich manchen und
großen Aufgaben für in dem kleinen
Kast einigen gut gefallen, wir wollen aber
allen aufbieten, Du und Deine liebe
Frau den Aufenthalt bei uns so angenehm
wie möglich zu machen.

Lieber Ernst will uns gegen Ende
dieß Monats auf einige Tage besuchen,
wozu wir uns sehr freuen. Es war mir,

mir

385 (b)

nicht sein, ich hab ihn aber im Sommer auf
in Dillenburg kennen gelernt, wo wohnen Gal-
lenkamp ich sehr viel zusammen habe.

Wenn denn liebe Frau auch unser Mecklen-
burg fast um die Hälfte kleiner geworden
ist (es hat circa 360,000 Einwohner) so ist sie
doch der Wirksamkeit näher gekommen, als der
liebe Bruder, der neun Millionen zählt,
und wenn sie, wie ab in England üblich, denen
ein Motto mitgegangen wäre, so hat denn
Frau die Motto gewonnen!

Das Carlsbader Wasser hat mir, wie wir
glauben, sehr genützt und hoffe ich, daß sich bei
Dorotheas Vater noch mehr herausstellen
wird, wenn sie sich erst einmal mehr gekräftigt
hat, denn ob sie mir sehr angreifende Cur ist.
Meine Nieren sind mir gewiß um einige
Zolle zu weit geworden!

Eure Reise nach Schweden und Däne-
mark wird euch gewiß gefallen. In Kopen-
hagen ist das Thorwaldsen Museum (wohl
ist vor 25 Jahren gebaut) zu besuchen ein wahres
Vergnügen. Zwischen Kopenhagen und Rostock
geht jetzt eine tägliche Dampfschiffahrts Verbin-
dung oder doch mindestens geht ein Schiff einen
Tag um den andern von dort nach Rostock

Lebt wohl, bis wir uns hier wiedersehen
und grüßt Eure liebe Frau herzlich von

Eurem
treuen Bruder

My dear Friend.

Your very kind letter of the 16th inst has followed me to different places and reached me yesterday. I thank you very much for it; and also for the beautiful present you so kindly make me, be quite assured I shall value the book, and the Photographs extremly. My dear Sir,

It is quite impossible at present. I am printing at the rate of four sheets a week in order to have a book of mine out by October. Till then my hands are entirely full. After that I have promised to bring out 'Outlines of Comparative Mythology,' and there I shall have to treat fully of the Trojan myth and its various localisations, if I may so, historicalisations.

Либава 24 Июля 1875

Милый возлюбленный папа!

Прибывъ сегодня утромъ въ Либаву, я нашелъ здесь любезное письмо Твое и потому я спешу отвѣтить Тебѣ тѣмъ болѣе, что я уже довольно давно не имѣлъ удовольствія Тебѣ писать. Все время моего пребыванія въ Крыму я провелъ въ странствіяхъ; при этомъ я, не такъ какъ въ прошедшихъ годахъ осматривалъ вновь приданныя мѣстности по разъ узналъ большею частью въ этихъ странахъ, горахъ и долахъ, гдѣ природа представляется въ ея первобытномъ видѣ. А такихъ мѣстъ въ Крыму немало и они особенно интересны для меня какъ для будущаго естествоиспытателя. Странствуя я большею частію

Симферополь 27 Июля

нашелъ я намѣненный инвентарскій водопадъ Штаубахъ. Мѣстность при водопадѣ не только дикая но и суровая. Тѣмъ не менѣе она восхитительна. Я сидѣлъ долго любуясь этой картиной, водопадъ и вслѣдъ затѣмъ съ другой стороны водопадъ. Имѣющимся у меня перомъ все это вмѣстѣ взятое можетъ быть написано только наиболѣе опытною кистью художника. Отдохнувъ немного отъ сей чудной картины я направился къ вершинѣ горы Кикъ съ этой послѣдней обѣщаетъ громадное пространство более чѣмъ на 120 верстъ въ окружности. Видны Севастополь, Евпаторія, Симферополь и весь южный берегъ. Тамъ я стоялъ на вершинѣ горы надо мною немного въ бокъ собрались тучи и мнѣ я

верхом и в самом начале моего пребывания в Крыму, решил-ся взобраться на Ай-Петри — наиболее из наиболее высоких гор Таврического хребта. Дорога шла сперва среди роскош-ных рощ почти тропических деревьев как напр. Кипарисов, миндальных деревь, маслин, олеандр, пробковых дубов, платан, магнолий, (так) Все это было густо перепутано плющем и диким виноградом, кто усиливало дорогу прохладною тенью почти не пропускавшею луча знойного солнца. Каскады и ручьи стремительно лившиеся с вы-ших гор еще более прохлаждали знойный день. Постепенно поднимаясь все выше и выше над уровнем моря при всем больше и больше роскошно развертывающейся панорами Ялтин-ской долины я стал замечать перемену флоры из самой южной в более северную. Лиса напр. превратились теперь в буковые, дубовые, орешовые еще выше на 1 в. над уровнем моря возвышались только густые хвойные леса из сосен и елей. Эти последние были перемешаны во многих местах рощами и полянами на кото-рых паслись „чабаны" (так на-зывают татары стада свои). Немного не доезжая вершины начинаются громадные порфиро-вые и гранитные скалы. Вместо перед прежним любовался я знаменитым водопадом Учан-су. Это, собственно говоря, громадный ручей падающий с высоких (своей силой) вершин горы и с невыразимою пеною дробящийся о лежащие в нем большие глыбы гранита. В этом отношении окрестности Ялты

имѣлъ удовольствіе сорвать
небольшую грозу не надо мной
но надъ мной. Впрочемъ гроза
довольно быстро миновала и
я успѣлъ еще къ вечеру вернуться
въ Ялту. Кромѣ вида еще
очень интересны также много-
численныя пещеры при верши-
нѣ горы. Кромѣ путешествія
на Ай Петри я ѣздилъ тоже
верхомъ черезъ хребетъ Ялту изъ
Ялты въ Бахчисарай. Эта
поѣздка продолжалась нисколько
дней такъ какъ вслѣдствіе опас-
ной дороги приходилось ѣхать тихо.
Притомъ я по дорогѣ изслѣдо-
валъ роскошную таврическую
флору и изучалъ нравы и обычаи
поселянъ татаръ. Относительно
религіозныхъ понятій послѣднихъ
то нисколько я могъ замѣтить
не
вполнѣ довольно развитыя и зараже-
нія слишкомъ религіознымъ
фанатизмомъ.

Как ни приятны мне были
мои путешествия я однако
непрестанно думать о том,
что если б быть с Тобою то
мне было и еще интереснее
и веселее и приятнее во сто раз
и всегда мечтать о радостной
минуте моего свидания с Тобою.
Особенно много привлекала мне
беседовать о Твоих блестя
щих результатах под Тур
с английским консулом в
Севастополе, которой был

тить сына знаменитого

Mon très-cher frère!

Me trouvant ici, avec ma mère et ma sœur Augusta, je reçois ta bonne lettre de Brighton en date du 25 cet, dont je te remercie de grand cœur.

Je suivrai tes conseils et j'irai dans une dizaine de jours à Grambow voir Mrs Diestel et notre neveu Otto Schliemann. Bonne note est prise de tout ce que tu me dis. Si Otto Schliemann est capable, je pourrai lui trouver une assez bonne place, qui suffira à ses besoins. Je lui ai déjà dit qu'il doit pourvoir aux frais de voyage.

Combien dois-je regretter de ne pas avoir pu profiter de ta présence à Londres pour faire la connaissance de grands hommes avec lesquels tu te trouvais en contact journalier. Merci d'avance de la lettre d'introduction pour Mr Johnson. Je présente mes respects à la charmante Mme Schliemann et j'embrasse ta petite fille.

Милый возлюбленный папа!

Хотя уже довольно давно я не имел удовольствия получать Твои письма но тем не менее на основании письма Твоего письма я полагаю Ты теперь находишься в путешествии. Во всяком случае, по которым Ты будешь проезжать Тебя будут бить сомнения принимать с тем же почетом как в Англии, чему я радуюсь сердечно рад. Что касается меня, то я продолжаю пока морские купания в Либаве и намерен здесь остаться до 20го Августа, когда начнутся лекции в университете. Я, как Ты знаешь, любезный папа, играл естественные науки предметами моего изучения. По-этому окончив среднее образование и получив „testimonium matu-

ritatis", и самому сильно желать новых усовершенствований по этим наукам. Во всяком случае я хочу ознаменовать себя достойным сыном моего знаменитого отца. На первом курсе в университете (главные) мне придется заняться неорганическою и химией и ботаникой физиологией растений. Для изучения последней мне придется пользоваться и рассматривать тончайшие ткани растений и я для того буду всегда употреблять только прекрасным микроскопом, который Ты обещал мне подарить. Этому надеюсь. Письма Твои, любезный папа, адресуй пока в Москву в здании университета студенту физико-математического факультета наотделение естественных наук на 1м курсе. Сердечно Шлиману. Затем любезный папа я кончаю. Тебя всем лучшим остаюсь Многолюбящий Тебя

20th July – 1885 –
1 August
St. Elii's Day!

Most honored & learned Doctor!

It is with the greatest pleasure that I have received & perused Your kind & extremely obliging letter of 21st July 1885 – for London – & I hasten to offer You my most sincere thanks for it. Your portrait – for sending which I thank You most sincerely – I have immediately parted to the Redaction of the "Scientific American" – together with Your permission to print on 4 pages of his journal Your biography & portrait – as a woodcut – the book You mention in Your letter I have not as yet received & it must have been lost or rather stolen by our postal office "officials" – as is the case with almost all the books, pamphlets & which are addressed to me from abroad! Your letter came to my hands – all torn & then pasted very nasty thick glue! So much for our "liberal" & soon St. – W. Howe has not printed my corrections & gave me no answer whatever! This is going very far indeed with prejudice. – I can say one thing: I do not know the man & never I don't care to know him & if I read his newspaper it is only & solely because there are no better newspapers in this poor, woeful country of ours where 2 or 3 miserable things miscalled newspapers are deemed

sufficient — aye & more than sufficient for a population of circa 80 millions! I will write to him however & give him a bit of my mind — as to his conduct in this affair. The "Tovoz" is also a very worthless concern & the "Maskobskie Vydomosti" entirely Moscowite, thoroughly Russian & full of their stupid Panslavonic nonsense! I have heard & read very much favorable of Your very voluminous & extremely valuable work "by & its remains" — but have been so unfortunate as never to be able to get a copy of it here. And I believe it is not to be had here for the very paltry & mean cause which You mention (IL) — However when I get abroad next time I will make it a point to get & smuggle this treasured work into the "new Ultima Thule"! — frozen & packed up in ice by the passport & system existing in Russia. This is a consolation indeed to know that the a member of the Austrian family of the Discoverer of Franz Josefs Land will with the honors are pay deserved reserve. I wish You (I am afraid a presumption) Your honored family

very, very much pleasure & a nice journey & a pleasant residence at Nazareth. Many thanks for the kind promise of communicating to me from time to time the results of your proposed researches in Thrace or in the Cauldery Italy. All communications, indeed every line from Your learned pen is a real "treat" I would say — if this phrase were not too trivial — well every line gives me greatest pleasure imaginable. What a pity You do not visit our old Rhor. But that is nothing, too much to be able to see under one's roof so illustrious a visitor & of course I dare not even dream of such pleasure & honor — but if ever You do visit our country do not forget that by realising the above mentioned dream You will make one person at least i.e. myself very, very happy indeed. — Many thanks for sending me Your address, I will avail myself of it. — May I venture to ask You to be so kind as to give me Your address after this one will become valueless I mean after the month of August. We know how plenty of rain & some thunder, especially ~~do~~ today (St. Elie's day.) But we

have not had a days of rain for the last 6 weeks. Therefore I wondered very much when I read Your communication that You have had 6 weeks of cold & rainy weather and — envied You! now again I wish to see the sunny days return! Such is man the most perfect (?!?) being of the creation & — we ought to add the most discontented. Will You be so kind as to let me know whether the Editor of the Indépendance Belge has rectified his error — as I will then inform Mr. Horne of the fact & force him to correct the information given by his journal. — I will not be able to find the thing out all by myself as I do not read the Indépendance Belge.

Very kind of You to look so condescendingly on our publications — & I am sorry that the brochure has not reached You. Now I venture to send another copy of the same brochure per this post — which I beg You to honour me by accepting. Have You received a copy of Mrs Ekaterinbeff's brochure Погребеніе Пскова въ Псковъ & Князевъ's Псковскій Кафедральный Соборъ, & d°'s Указатель достопамятностей г. Пскова? I send them all from Athens. If not I will repeat the error. Please excuse my long letter & believe me dear & honoured Sir that it is with the greatest respect, esteem & w.th the best wishes for Your welfare that I have the honor to remain

Ever Your most obed.t & obliged servt,

Nicolas Bogaiewsky
