математика и физика
математика, также как я этими
науками особенно много занималась и
также – как преподаватель этих наук
выбрала эту профессию.

Погода у нас стоит великолепная
от +22° — +25° R в тени
Купаться я начала уже 22 Апреля
Купание идет превосходно, вода
сверкает, чистая, быстро текущая.
Я каждый день регулярно хожу купаться
рано утром, причем никогда не
забываю наставлений, которые Ты
благоволил мне дать в дорогу
назад.

В скором моем конверте 1го Июня
тогда я, с Твоего согласия, желаю
бы по примеру прежних дать описание
небольшого путешествия и очень хотел
бы выслушать Тебя совета Твоего
по Твоему усмотрению, дать мне на
это нужную сумму. Я бы собственно
говоря бы мне очень хотелось в
прекрасную Таврию, на южный берег

туда. Но теперь тоже очень дорого

вообще тоже дорого предметы, теперь
для этого нужна такая сумма, кото

Тебя. Поэтому я вполне тоже должна

проехать в Либаву, где купаться
несколько времени. Купание тоже как
я люблю и хвалю отлично и содержит

степени интересно и даже довольно
поэтично, ибо около 300 верст при

My dear Sir.

I enclose letters & papers received by French Steamer. By the iron leaves you ordered at the blacksmiths, I can see that you have heavy stones to lift & therefore cannot be far from the slope of the hill—

I wish you would purchase my land - there are I believe altogether 23 fields or peices of land which have cost me over £600 with backsheeshes &c without calculating the great loss of time and interest of money—

You know how difficult it is to purchase even one, and you would not be able to have secured all these fields below £1000.— I confess I am in great want of money at the present moment, and it is for this reason I wish to sell the property. Were my circumstances better I would not sell, for I bought with the express purpose of excavating — The site besides, being that of the only true Troy,

and the universal interest attached to it,
and of which you might become the proud
owner of this classic soil, also contains an
endless quantity of most interesting marbles
which would over & over again cover the
purchase money — Do buy the property,
& I would transfer it into whosoever's name
you desire — I would take your bill at
three months date in London or elsewhere
for £450 of which selling price to me is, I
assure you, a great sacrifice — If you
resell it hereafter, you will make £2 to
£3000 by the transaction, & it is a good speculation
doing a good stroke of business & at the
same time a friendly act towards myself —

I remain my dear Sir
Yrythruly yours

My dear friend Schliemann

Next Saturday I am
going with 2 friends
(Connoisseurs) to Louis
at a Burgon packary

If I had the 100 Workmen boring new holes 5 to 600 feet deep in the fields of Westfalia I would surely with your energy discover new Coal fields, get the concessions added a Million to my fortune in a few years, when England would be exhausted of this indispensable article (Coal) but of course without earning an immortal name & glory

As I wrote to you in my last letter every think was then too high for investments, the expected reaction has already taken place since 14 days & the

price rate R Boards have receded 10%, also Mecklenbecker Berg werke is now at 127 a 128% since the declared dividend of 8% is known, I wrote you the cause of the reduced dividend, but mentioning the amount of only Th 100,000 expended last year for new Machineries, which in reality were Th 200,000. we may consequently expect for next year & afterwards 12% dividends I recommend these shares again at the price of 126 a 128%.

If you wish I will authorize my Banker (who bought them for me)

I should be very
pleased to have

Die Sänger bewiesen durch ihre trefflichen Gesangesleistungen, unter der Leitung ihres Dirigenten Herrn Concertmeister Hubert Walbrül, daß sie sich die Frische und Elasticität nach mehrstündigem Marsche erhalten hatten. Der Herr Präsident Dr. Eich begrüßte vor Allem die Damen, welche durch ihre Anwesenheit dem ländlichen Feste einen höheren Reiz verliehen. Den Glanzpunkt des Abends bildeten die von dem gewandten Conservator Herrn Dickert gestellten lebenden Bilder; namentlich fand ein ganz neues in 3 Tableaux: Der alte Geiger und sein College, allgemeinen Beifall. Demselben lag die Anekdote zu Grunde, wo ein Invalide, welchem drei Finger und ein Bein abgeschossen worden, im Prater zu Wien die Geige spielte, um dadurch die Theilnahme der vorüberwandelnden Spaziergänger für sich zu wecken. Neben ihm hält sein treuer Hund des Alten Hut, zur Aufnahme der Liebesgaben. Eines Tages fielen dieselben gar spärlich aus; da naht sich ihm ein elegant gekleideter Herr, der bisher, an einen Baum gelehnt, den Invaliden theilnehmend beobachtet. Er erbittet sich von demselben die Geige, spielt darauf, und entzückt das Publikum. Bald hat sich der Hut des Invaliden zweimal mit Geld gefüllt. Der Virtuos wurde durch Herrn Hubert Walbrül dargestellt, welcher dem Auditorium bei dieser Gelegenheit einen köstlichen Ohrenschmaus auf seiner Geige bereitete.

Es konnte daher auch nicht fehlen, daß, als der Sprecher zum Schlusse, wo (in der Erzählung) Alles fragt, wer der Virtuos sei, statt „es ist Boucher', improvisirte: „Es ist Meister Hubert Walbrül. Der Künstler Hubert Walbrül Hoch!" dieses Hoch ein hundertfaches lebhaftes Echo fand. Noch ein anders, bei einer früheren Gelegenheit gestelltes Bild „Simrock's Warnung vor dem Rhein" wurde heute mit Erfolg wiederholt. Und so war dieser Ausflug in jeder Beziehung ein wahrhaft köstlicher.

Mydear Sir.

which I give to the man to return to you.

Your letter arrived late yesterday Mr. Rattan did not wish to receive them at that late hour. However when I went there myself afterwards he took them & begged that they should not be sent so late another time - He suggested that you should have a few stamps so that when the letters arrive late they can be sent into the post box - I have therefore taken P^as 2.80 in stamps which I enclose.

106 (b)

The postage is 40 centimes for 6 oz. - 60 for London & 80 for France - so when you send in letters late just attach the necessary stamps & that they can be dropped into the box -

I am anxious to hear the result of your excavations - I cannot imagine how it is you have not yet come to the rock - which must be very narrow and probably was only sufficient for the temples of Minerva to stand on - the acropolis in that case will be still further inland! the temples only jutting out into the plain -

Believe me yours truly

Nous avons eu le plaisir d'avoir Mme Schliemann à dîner avec quelques personnes.

Cher Monsieur, je n'ai que le temps de vous écrire quelques mots pour vous dire que votre lettre m'a extrêmement intéressé. Ces grands vases doivent être conservés par vous, toujours avec l'indication de la couche de terre où vous les trouvez. Cela est d'une grande importance pour tous les objets que vous découvrez, parceque à votre retour, quand vous mettrez en ordre votre collection, il

faut que vous puissiez mettre ensemble tout ce qui aura été trouvé dans la même couche de terre. Autrement on ne pourrait tirer de vos belles découvertes aucune conclusion certaine. Il faut savoir en effet que des vases et autres ustensiles qui paraissent archaïques et qui remplissent les Musées datent souvent d'époques très récentes : la même genre de fabrication s'étant perpétué des siècles entiers dans la même lieux. Il n'y a donc que la place occupée par un objet dans les fouilles qui puisse vraiment en indiquer l'époque. Tenez bien compte de cela.

Une grande chose vient d'être positivement démontrée par M. Halévy, c'est que les antiquités cypriotes des plus anciens temps appartiennent à une population de race sémitique, mais qui avait subi dès l'origine une forte influence aryenne, de sorte que la race était sémitique

My dear Sir.

I have found some camels - but being on grass the driver said he could not load more than two rolls (or one package) on each camel - I agreed with him for Pr. 50 if he would take them tomorrow morning. There are other camels which could go on Sunday and we might get them for Pr 40. but you ask urgently for them - so I have closed at the higher price -

There are iron shovel heads to be found here - of course without the handels - The price asked is fourteen for the larger size and thirteen for the smaller - Your letter by return messenger has just reached me. I have rcd. also the £ Stg 4 by the Kiragee - & having paid all expenses here as per account return you the balance of £ Stg 2 and Piastres 123.—
by the same man —

Your letter for Coppito just arrived in time to post by French boat —

I suppose we may to hear something decisive in the result of your diggings - the acropolis leaving aside the isolated rock on which the temple is built you cannot have reached -

Dardanelles 18th May 1872.

My dear Sir.

I had sent out for a special messenger to take a telegram for you just received when your man came in bringing me your interesting letter. I am not a great proficient in Greek & do not understand German. So many thanks for very much for the former reports. I will however also like to read them in English when printed. Not having yet seen any I cannot give an opinion on the interesting questions you have started - but as to Mr. Curtius having been mistaken as to the identity of Troy with Bunarbashi, there is not the slightest doubt.

The shovel sent in to be mended was paid for & I do not know why your man did not take it, as I directed him, from the blacksmiths.

I shall procure you the shovels you want if those you enclose are not forthcoming. As to the mancats I do not know if my brother could find them able enough. I shall write to him by tomorrow's boat to ask for information.

The loss of your map of the Troad is very provoking. I am sure if I enquire at the Post Office they will tell me that it has never been rec^d from Athens. That is the only satisfaction

we can expect –

What a dreadful crash that must have been, the fall of the wall. I know it is very dangerous this kind of excavation & much caution is required. in my small trench two men were buried – and one of them quite disappeared under the rubbish – fortunately they were dug out without further injury than a few bruises –

The man you sent in last time can tell you where the rock is on my field. & from thence perhaps you can judge where to strike a small trench from your side towards it – & you must find it – The name of the man is Anagnosti, and he worked with me. I believe he was present when we found the statues of rock –

I have not yet seen Mr. Doko but will ask him the question when we meet –

There are no more oranges to be found –

I have not yet seen the blacksmith to order the 2 crowbars – he was out twice that I called – I suppose they will be ready however by Monday – or Tuesday at latest –

Yours very sincerely
Frank Calvert

Arouna est bien le Cocher du soleil dans toute la littérature indienne. Ne croyez pas qu'il ait eu rien de commun avec Ramsès III ; c'est là une pure hallucination d'érudit. Les relations de l'Inde et de l'Egypte ont commencé long temps après que la mythologie des deux races était fixée ; ce fut guère qu'au temps de la conquête perse par Cambyse que l'influence de l'Inde sur l'Egypte a commencé. — Arouna est une déité de l'aurore ; son nom signifie rougeâtre.

Courage donc ; allez devant vous et amassez des matériaux. Vous savez qu'il en faut beaucoup pour arriver à des conclusions certaines.

Merci encore de ce que vous faites en faveur de la Science des Religions ; vous apprendrez avec plaisir que la première édition est épuisée, la seconde est déjà en vente et je vais en préparer une troisième. Presque tout a été acheté en France ; l'Allemagne et les autres pays vont maintenant acheter ; j'espère que cela ira bien. Vous avez très bien compris qu'il est très important de répandre ces idées nouvelles pour le progrès de la civilisation.

Mille compliments, cher Monsieur ; et, agréez Croire, Vous viendrez à Mycènes et à Délos. Ern. Burnouf

Mon cher Monsieur,

J'ai lu avec le plus vif intérêt votre lettre et l'article que vous avez fait insérer dans l'Αρχαιολογικὸν Ἐφημερίς. Cette abondance extrême de Svastikas est de celles qui est une preuve indubitable que la population dont nous fouillons les habitations d'Etruite était bien une population aryenne. Jusqu'ici il n'y a que cela de vraiment démontré. Cependant la grande analogie et souvent l'identité des objets que vous découvrez, avec ceux qui ont été trouvés dans les terramares, à Santorin (par nous) et dans divers lieux de l'Europe prouve aussi que cette population était fort répandue dans les anciens

temps et n'était point parvenue à une haute civilisation. Voilà donc faits certains. — Un troisième est celui des relations de ces hommes avec les habitants de Rhodes, Chypre, etc., qui (au moins en partie) devaient à cette époque être sémites mais avaient reçu des aryens leur Symbolisme religieux. — C'est évidemment dans cet ordre d'idées, c'est à dire dans ce que nous savons de l'ancienne civilisation aryenne qu'il faut chercher l'interprétation des antiquités troyennes, et non chez les Sémites, les Egyptiens ou les Chaldéens. Le champ des recherches se circonscrit, ce qui est un grand avantage.

J'avoue que la présence d'une grande quantité de poteries de telle sorte sur le sol vierge, déroute un peu. Recueillez en le plus que vous pourrez: car c'est là un fait entièrement nouveau et qui devra modifier profondément les idées que l'on s'est faites de cette époque qu'on appelle préhistorique. J'attache pour ma part la plus grande importance archéologique à ces poteries et je suis très impatient de les voir.

Ce que vous dites d'Ilion et d'Ilios est très vraisemblable, comme vous le savez vous même en observant qu'on disait Helios, mot où l'H est une véritable aspiration. Le nom d'Ilion n'a jamais été aspiré; l'H du mot grec (et plus tard l'esprit rude de Helios) indique de la manière la plus certaine que la forme aryenne de ce mot commençait par un S et qu'il était probablement le masculin de Selênê ou peut-être identique à Seleukos, allongé de Eus, que l'on retrouve dans le Véda sous la forme Sûra. — Quant à Ilios ou Ilion, les philologues le rattachent maintenant, avec toute apparence de raison, au sanscrit vîla, qui veut dire forteresse et qui est par conséquent synonyme de Kéraos, quelque soit d'ailleurs l'origine de ce dernier mot.

Τοῦ Ἰανουαρίου ἐγκύρωσαν ἀμέσως ἐπανάσταση στὴν ἀνατολικὴ Θεσσαλία ἐπὶ τούτοις ἀπὸ ὁμάδες ἀτάκτων ποὺ ἐπιτέθηκαν κατὰ τῶν ὀθωμανικῶν φυλακίων στὴν περιοχὴ τοῦ Ὀλύμπου καὶ τῆς Κάτω Μακεδονίας. Ὁ Ἀλῆ πασᾶς ἀπέστειλε τὸν Ἰσμαὴλ πασᾶ Χαϊδὰρη μὲ 20 τάγματα πεζικοῦ καὶ ἱππικὸ καὶ πυροβολαρχία γιὰ νὰ καταστείλουν τὴν ἐξέγερση. Ἡ ἐπιχείρηση ὅμως ἀπέτυχε καὶ ὁ Ἰσμαὴλ πασᾶς ἀναγκάστηκε νὰ ἐπιστρέψει στὰ Γιάννενα.

Τὸν Φεβρουάριο ἐπαναστάτησαν οἱ Ἕλληνες τῆς Κρήτης ἐπὶ τῇ ἐπιφανείᾳ τοῦ ὁποίου ἐπιπλέουν τὰ ἑπτὰ Ἰόνια νησιὰ καὶ ἡ ὁποία ἀποτελεῖ τὴν ἀνατολικὴ ἄκρη τῆς Μεσογείου θαλάσσης. Ἡ ἐπανάσταση ἐκδηλώθηκε ἀμέσως μετὰ τὴν ἐπιστροφὴ τῶν ἀντιπροσώπων τῆς Κρητικῆς Ἐπαναστατικῆς Ἐπιτροπῆς ἀπὸ τὴν Ἑλλάδα, ὅπου εἶχαν ἐπισκεφθεῖ τὸν Ὄθωνα καὶ τὴν κυβέρνηση Κανάρη γιὰ νὰ ζητήσουν τὴν ἐνίσχυση τοῦ ἀγώνα τους. Ἡ ἐπιτροπὴ ἀποτελοῦσαν ὁ Ἰωάννης Δεληγιάννης, ὁ Ἀλέξανδρος Ῥίζος Ῥαγκαβῆς καὶ ὁ Ἀλέξανδρος Σκαρλάτος Βυζάντιος. Ἡ ἐπιτροπὴ ἐπισκέφθηκε ἐπίσης τὴν Ἀγγλία, τὴν Γαλλία καὶ τὴν Ῥωσία, ὅπου ἔλαβε ὑποσχέσεις γιὰ ἐνίσχυση τοῦ ἀγώνα. Ἡ ἐπιτροπὴ ἐπέστρεψε στὴν Κρήτη τὸν Ἰούνιο τοῦ 1866 καὶ ἀνέλαβε τὴν ἡγεσία τοῦ ἀγώνα. Ἡ ἐπανάσταση ἐξαπλώθηκε γρήγορα σὲ ὅλο τὸ νησί, καὶ οἱ ἐπαναστάτες κατέλαβαν τὰ περισσότερα ὀθωμανικὰ φυλάκια. Ὁ ἀγώνας ἦταν σκληρὸς καὶ αἱματηρός, καὶ οἱ δύο πλευρὲς διέπραξαν φρικαλεότητες. Ἡ ἐπανάσταση ἐπεκτάθηκε καὶ στὴν Ἤπειρο καὶ τὴν Μακεδονία, ὅπου ἐπίσης ἐξαπλώθηκαν ἐπαναστατικὲς ἐνέργειες.

Ἡ ἐπανάσταση τῆς Κρήτης ἀπασχόλησε ἔντονα τὴν διεθνῆ κοινὴ γνώμη καὶ τὸν τύπο τῆς ἐποχῆς. Πολλοὶ ἀρθρογράφοι καὶ πολιτικοὶ ἐκφράστηκαν ὑπὲρ τῶν ἐπαναστατῶν, ἐνῶ ἄλλοι τάχθηκαν ὑπὲρ τῆς Ὀθωμανικῆς Αὐτοκρατορίας. Ἡ ἐπανάσταση ἐπηρέασε ἐπίσης τὶς σχέσεις μεταξὺ τῶν μεγάλων δυνάμεων τῆς ἐποχῆς, καθὼς καθεμία ἀπὸ αὐτὲς ἐπιδίωκε νὰ προωθήσει τὰ δικά της συμφέροντα στὴν περιοχή.

Ἡ ἐπανάσταση τῆς Κρήτης ἔληξε τελικὰ τὸν Φεβρουάριο τοῦ 1869 μὲ τὴν ὑπογραφὴ τῆς Συνθήκης τῆς Χαλέπας. Ἡ συνθήκη προέβλεπε τὴν παραχώρηση ἀρκετῶν μεταρρυθμίσεων στὸ νησί, ὅπως τὴν ἵδρυση ἑνὸς ἐκλεγμένου κοινοβουλίου καὶ τὴν ἀναγνώριση τῆς ἑλληνικῆς γλώσσας ὡς ἐπίσημης γλώσσας τοῦ νησιοῦ. Ἡ συνθήκη ὅμως δὲν ἱκανοποίησε πλήρως τοὺς ἐπαναστάτες, οἱ ὁποῖοι συνέχισαν νὰ ἀγωνίζονται γιὰ τὴν ἕνωση τῆς Κρήτης μὲ τὴν Ἑλλάδα. Ἡ ἐπανάσταση τῆς Κρήτης ἀποτέλεσε σημαντικὸ σταθμὸ στὴν ἱστορία τοῦ νησιοῦ καὶ τῆς Ἑλλάδας, καθὼς ἐνίσχυσε τὸ ἐθνικὸ φρόνημα καὶ τὴν ἐπιθυμία γιὰ ἕνωση μὲ τὴν ἑλεύθερη Ἑλλάδα.

My dear Sir.

Many thanks for your interesting letter - & for the 3 reports you have been so kind as to have directed to be sent to me. Will read them with much interest -

There has been no answer to your letter from Gallipoli - as the steamer has come in - the Turkish which was due yesterday has broken down at Gallipoli - Unless tomorrow we shall probably hear -

Your man took the letters to the post, but I cannot make out why he has not noted the postages in the book - but desired me to write them down - She has written the articles he bought and he consequently will give you an account of the money he received from you -

No news yet from my brother James about the mail carts - Shall send him the address you give me -

Mr. Wrench leaves tomorrow by French direct boat -

Mrs. Frederick regrets very much not to have had the pleasure of making Mrs. Schliemann's & your sister's acquaintance - but she hopes to be able to do so before they return to Athens - Should your ladies feel inclined to come into town my sister in law will be very glad to offer them hospitality -

Ever yours sincerely

Gallipoli d. 29 Mai 1872.

Hochzuverehrender Herr Doctor!

Indem ich den Empfang Ihres geehrten Schreibens d.d. 24. Mai anzeige, bitte ich Sie, in Betreff der von Ihnen verlangten Arbeiter, folgendes gefälligst mitzutheilen.

Ich habe mich bemüht alle möglichen Schritte zu thun, und in allen bekannten Dörfern anzufragen, um Ihnen die gewünschte Zahl von Arbeitern zu verschaffen. Leider, aber, wegen der von Ihnen selbst angegebenen Ursache, d.h. der Erntezeit, ist es mir sehr schwer gefallen die Zahl zu bekommen. Die größte Zahl Einzelner Feldarbeiter sind sich bereits ins Innere von Klein-Asien gegangen, und schwerlich kann man für den in Ihrem Inserate angegebenen Lohn, d.h. P. 12. pro Tag, irgend welche Leute finden.

Inzwischen habe ich Hoffnung circa

30-

30-40 Männer für jahrelangen
Krieg aufzutreiben. Jedoch stellt er sich vor,
daß die Leute einen Vorschuß von einigen
tausend Lire bewilligen, und sowie
er Bedingung die Auslagen für die Reise,
so wie eine Versicherung auf 2 Monate Arbeit,
stellen.

In dem Falle, also, daß Sie, Hochgeehrter
Herr Doctor, diese Bedingungen annehmen
wollen, so ersuche ich Sie mir unmittelbar,
und wenn möglich von den Dardanellen
per Telegraph zu zeichnen, damit ich mit
den Leuten einen Contract schließe. Versteht
sich daß jeder von ihnen eine Entschädigung
für die Erfüllung des Contracts und das
vorgeschossene Geld haben wird.

Es wird natürlich eine ganz besondere Freude
für mich sein, wenn ich in irgend einer Weise
zum glücklichen Erfolg Ihres so bedeutenden
Unternehmens, mit meinen geringen
Mitteln, auch nur dazu beizutragen
im Stande werde sein können.

My dear Sir.

The groups of £ 40 together with your letter I safely rec.d last night - but I am sorry to say the Austrian boat came in so early this morning that it took everybody by surprise - so your groups together with all others persons remained behind - I shall of course forward it by next steamer coming in - Regret if you works should in any way suffer by the delay - The work you have come on will perhaps put you on the track of finding the city wall of Troy, inshallah!

Yours

Frank Calvert.

H. Schliemann Esq.

Strandite -

Your letter for Marc Müller I had kept with the intention of enclosing it together under one envelope with Bill of Lading for groups

My brother James writes that he is sorry he cannot attend to your commission about Morocco's, his time being very much taken up. There is a wheelright, who has made carts for us here - and if he is not absent perhaps he would be able to meet you writes - if you are willing to try him shall try and induce him to go to Speak to see you & ascertain if he can make what you want and agree on terms -

Милый возлюбленный папа!

Завтра уже я буду писать удовольствие получать отъ Тебя письма хотя трудно очень, трудно сносить отъ моего возлюбленнаго отца чувствия объ его благополучіи какъ исполнилъ.

31го Мая кончилъ я благополучно мои экзамены въ коммиссіи и перешелъ изъ 3го (гимназическій 6 классъ) На другой же день поѣхали мы въ Москву на выставку, откуда теперь пишу на купаніи въ Москвѣ.

Направились мы прямо Москву исполнительно, чтобы имѣть прекрасную позицію Выставка эта сколько устроительная, по помѣщенію и красивыми предметами далеко превосходитъ Всероссійскую 1870 года. Весь

произведенія въ большой залѣ почтовой конторы и везетъ съ собою почтовый тюкъ, но эта декорація такъ прелестна что смотря на нее невольно представляешь себя конторщика, а меня и сына настоящими.

Въ фотографическомъ отдѣленіи мнѣ особенно понравились виды Ялты и Ливадіи. Въ морскомъ отдѣленіи помѣщены во 1) всевозможные историческіе снаряды и ихъ постепенное развитіе во 2) планы находящіеся въ зданіи суда (военнаго) существующіе въ Москвѣ-рѣкѣ

Въ ремесленодорожномъ отдѣленіи приведены во 1) вагоны новѣйшаго устройства 2) многочисленныя карты показывающія развитіе ремесленодорожной сѣти въ Россійской имперіи. Это удивительно какъ эта сѣть быстро увеличивается

Кремлевский сад, окаймляющий древнюю крепость Москвы, занимает всю набережную и весь сад застроен для этой цели специальными павильонами один другого красивее. Сходят в сад с набережной от 12 часов до 8 и то едва успеешь осмотреть половину выставки. К замечательнейшей выставке входят следующие отделы: 1) ботаники и садоводства 2) огородный 3) горно-заводский 4) технический 5) мануфактурный 6) кустарной промышленности 7) охоты 8) педагогический 9) ветеринарный 10) медицины 11) лесной 12) сельскохозяйственный 13) сельского домоводства 14) почтовой 15) телеграфный 16) фотографический 17) гидравлический 18) морской 19) железнодорожный 20) кавказский 21) севастопольский 22) военный. Из них я еще не успел видеть Севастопольский отдел. Все виденные мною отделы превосходны. Особенно интересен для меня никогда больше теперь отделы ботаники и сельского хозяйства. В первом находились роскошные растения в оранжереях, а также гербарии. Весь отдел помещается в роскошных стеклянных павильонах. В сельскохозяйственных показано историческое развитие последнего правления в России империи. В мануфактурном приведены принадлежности мануфактуры России в параллель с заграничными. В почтовом находится великолепная декорация изобр. почту Архангельской губернии и Сибири. Тоже представлены суда, по которым на маленьких санях

Mydear Li.

Yours of yesterday rec'd this morning - the letters for different places posted by Austrian - The group forwarded to Mr. Müller on Wednesday together with your letter to him enclosing Bill for same -

The group from Constantinople for £ 200 arrived yesterday & I await your sending Nicola to convey it safely to Troy to you -

I was by special order from Constantinople that the exchange has been lowered - from Monday henceforward the T.£ will be 106. £ of 116. medjids at 21. and beshliks at 5. I think you could change your money into medjids or beshliks this day your workmen (coppers will be scarce & you cannot reckon on obtaining sufficient for your purposes) - and not lose anything in the exchange - although I fancy you will not be able to reduce the pay of your workmen now the value of the piastre is increased by 12 per cent - We have this bothration periodically every three or four years the pound gradually creeping up from 106 to 118 when it is cut down suddenly to its former figure to rise again to 118 ad infinitum.

Many thanks for the Greek newspapers which

My dear Sir.

Nicola delivered me your interesting letter of 9th. According to your request I have given him the groups rec'd from Constee, against his receipt for same. No letter yet from Gallipoli. I made out a telegram by Nicola's wish to Marc Müller asking him if the labourers were forthcoming or not. I hope the answer may be rec'd soon so that Nicola may take it out to you.

You can run the trench into my land and I think you will learn more about Troy — that is, if it is to be found, here, than in the large trench you are running through the hill. I found numbers of the fusioli in my researches but especially on the edge of the plateau, where the ashes & remains such as you found, appear to have been cleaned off the rock & thrown down the hill towards the plain.

There are now 8 baskets & 4 bags at the Dardanelles - as none have been forwarded since the 2 sent by Mr. Dokos.

116 /6/

I have just rec.d the enclosed telegram by which you will perceive that probably tomorrow morning the 40 workmen with arms &c. &c. will be sent to me. I am called to the Cabinet so must close.

Yours very truly
Halleck.

Dardanelles 10th June 1872

My dear Sir.

Since writing to you this morning I have received a letter from Anagnosti Frangi who begs of me to intercede with you on his behalf - He says that he is very badly hurt and obliged to have a woman to attend on him - that he has not the means even of buying bread - that it was by your directions he exposed himself to danger although he had warned you of the rotten state of the ground, and it was against his wishes that he did so - that nobody besides himself with the exception of your engineer, would venture to undermine the cliff - that instead of putting by money for the winter months during the working season - he is on the contrary incurring debts, his present state not allowing him to work - He thinks considering the circumstances you should allow him his wages during the time he is incapacitated from resuming work - If the statement is on the whole correct, I

think he is moderate in his demand, and justified in making it - for were you in Europe, you would be liable to an action for damages — and have to pay heavily — Of course you can take any course you think fit - and I only communicate the substance of what A. F. writes to me, and of my opinion of the case supposing the ~~statement~~ to be true. Believe me ever dear Sir - Yours very truly

Je vous envoie de la part de mon cousin Monsieur Max Müller 40 hommes par une embarcation directement à Troie, lui-même vous écrira dans la journée.
Nous avons convenu avec les hommes Piastres 12 par jour; le Napoléon P. 104 ce qui ferait la £ Sterling à P. 130. quoique ici nous n'ayons pu la changer qu'à 129.
Vous pouvez licencier les hommes le jour que vous voulez si d'entre eux il y en a qui ne vous conviennent pas.
Chacun a reçu un Napoléon soit P. 104 par anticipation.
Je vous prie Monsieur le Docteur mes salutations les distinguées.

Abschrift. Gallipoli. den 11. Juni. 1872

Hochzuverehrender Herr Doctor.

Ihren beiden werthen Briefe habe ich nebst Beilage von 40. Pfund Sterling richtig empfangen.

Nachdem ich ungefähr 30. Kranken die benannten Doctoren angewiesen und denselben bereits Vorschüsse gegeben hatte, haben dieselben abgeschlagen nach Troja zu gehen indem man ihnen für diese Reise dasselbe Honorar anbot. Ich hatte unmittelbar Gelegenheit mit diesen Leuten selbst mich zu der Sache zu verabreden und sah mich genöthigt 40. andere von hier auszuschicken, welche gestern früh mit dem Boote des Sultan. Reis nach Troja abgegangen sind. obgleich unter diesen niemand sehr robust

erscheint

331 (6)

so hat mich der neue Chef, den welchen sie ernannt haben, die Verpflichtung gegeben, daß sie alle tüchtige Arbeiter sind. Ich habe dieselben für P. 12. per Tag, mit dem Napoleon à P. 104, engagirt, das wäre so viel wie P. 130. das Pfund St. Dieses aber gilt das Pf. St. blos P. 129. Sie können sie jeder Zeit diese Leute entlassen, da sie nicht unter den vorigen Bedingungen engagirt sind.

In der Hoffnung daß diese Herr Arbeiter Ihr befriedigen werden, übersende ich Ihnen nebstehend Nota Ihrer Rechnung nebst Mannschliste; und empfehle ich mich Ihnen

Hochachtungsvollst und ergebenst

Nous avons bien reçu dans son temps vos honorées lettres du 10 et 23 Janvier, et nous vous avons envoyé le 2 Février le livre publié par vous intitulé : le Signe de la Croix par M. G. de Mortillet.

Nous vous devons toujours le compte de vente de votre livre intitulé Ilhague, dont nous vous avons remis 400 Exempl. à titre de dépôt.

Malheureusement la vente en a été insignifiante, ce qui s'explique parfaitement par les événements de deux dernières années.

Nous croyons que nous n'en avons pas vendu plus que 50 à 60 exemplaires, qui au prix de 3 fr net ne couvrent pas même le compte de vos divers fournitures qui nous est détaillé ci-joint de montant à fr. 232.20 =

Nous apprenons avec plaisir que vous vous occupez de nouvelles fouilles à Troie et que vous publierez les resultats de vos travaux lorsque vous serez de retour à Paris. Nous serons heureux de pouvoir vous être utiles pour la vente de ce nouvel ouvrage et nous vous/ à l'époque de sa publication l'honneur de vous faire nos propositions en même temps que vous vous soumettrons une balance de compte concernant l'Iliade.

Dans l'espoir de vous voir bientôt prochain à Paris vous avez l'honneur Monsieur de vous saluer avec une parfaite considération

I am not the subject of the basrelief found at Hissarlik. is Aurora (Eos). She was the daughter of Hyperion by Thea - who also were the parents of the Sun and the moon -

Aurora is generally represented by the poets drawn in a rosecolored chariot, and opening with her rosy fingers the gates of the east, pouring the dew on the earth, and making the flowers grow - Her chariot is generally drawn by white horses, and she is covered with a veil - Nox and Somnus fly before her, and the constellations of heaven disappear at her approach - She always sets out before the Sun, and is the forerunner of his rising -

I send the O.J.L. to my brother today so as to have the goods transhipped for this place

My dear Sir -

Rec'd. your interesting letter of 8th -
I thought you would come upon some sculptures &
often temples - and there are many things to be
found both where you are digging & at the back
of the mound towards Ciplak where there are old columns &
evidently another side of a ravine filled up with debris -
I am very sorry I cannot come myself today as
my business prevents me - but hope in the course
of the evening week to pay you a visit -
The thing now to be considered is, as we are sure
to find many other marbles, how are they to be preserved
from falling into the hands of the Philistines -
Your firman I believe applies to the field alone
which belongs to the Govt. & I do not know if you
are authorized to stretch it into other lands (private).
although by the Art. 3 of the "Law on Excavations"
(copy of which I enclose) all objects of antiquities found on
private property belong to the proprietor of the soil.
but again Art 1. specifies that no excavations can be
undertaken without the authority of the Govt. -
Could you not obtain another firman for excavations
on private property stating at same time with proprietors
consent, and then you can make your fingers at the
Govt. and they will get nothing -

I have written to my brother, which if it be possible, try and get conveyed this evening to him, as tomorrow morning he leaves the farm for town – and I have requested him to try and pay you a visit & confer as to what had best be done – I think at present we ought to try and prevent anything falling into the hands of the Authorities suggest you should send the marble to Thymbra farm – When we can battle it out afterwards if occasion requires – It will be safe there, and of course it does not need my assurance that it will be loyally kept –

The way of division I would suggest would be to make two lots of as nearly equal value – and then draw lots – afterwards we could exchange pieces or make other arrangements –

It was Strabo who first named Ilium – "Novum Ilium" – up to this time it was universally recognized as being the site of ancient Troy – & all historians & Pliny as such – Strabo however only goes on the authority of Demetrius of Scepsis – who the inhabitants of which ancient town were very jealous of the renown of Ilium – and they were at constant enmity with the subject – so this assertion of Demetrius must be taken "cum grano salis" –

It was Le Chevalier who founded the Bournabashi theory that never went to Bunarbashi – He places Ilium Novum in his map on the site of the Mendere near Koumkale –

Salaam

Frank Calvert

Please let my brother see the Law on Excavations –

Mon Cher Ami!

j'ai déchiré le billet que vous m'avez renvoyé, parcequ'il y avait bien des fautes, et qu'il était mal écrit. j'avoue que c'est trop difficile à écrire dans une langue étrangère. c'est à vous seul le talent d'écrire dans notre langue grecque, aussi bien qu'aucun autre.

je vous disais donc dans mon billet précédent que j'eus un maître qui ne m'avait enseigné que lire et écrire la langue de mes pères. mais quant à me rendre familier avec les anciens auteurs, cela je ne le dois qu'à mes propres études.

Le Dictionnaire étymologique que j'ai copié et récopié, en voici le titre.

Dardanelles 18th June 1892

My dear Sir.

I send herewith a letter rec.d by Austrian boat - evidently carried on by French steamer returned on Sunday - A Bill also was sent for the picks &c. to my brothers address from Messrs. Shroeder & Co. - The "Austin Friars" has not passed up yet - but expected today -

For your information the exchange has gone up and it has nearly reached its former highest quotations.

I shall probably go to town at the end of the week a beginning of next when I shall have the pleasure of seeing you -

The bas relief you found is generally talked about in the town - in the event of finding any other turn them with their faces downwards at once -

Ever yours truly

Frank Calvert

Dear Sir,

I am more vexed than you can be at the delay in the execution of the commission which I undertook for you. But I assure you it has not been my fault - Immediately on the receipt of your first note I dispatched a messenger to Stamboul to send for the

owner of the magazine

He came the next day
& promised to send the
carts in time to be dispatched
by the next Steamer for

was Wednesday last -
But he did not keep his
word, and I have since
twice sent to him -
Today he has come himself
without the carts - but
to avoid further disappoint-
ment I have arranged to
send a man myself
to-morrow to fetch the
carts - & I hope to send
them off without fail
by the French mail
of the same day, or
at any rate by the Aus-

day -
After considerable
haggling I induced
the maker to take 80
francs for the 10 carts
& he forwarded now -

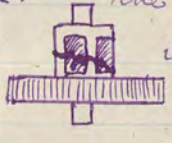
Dardanelles 28th June 1872

My dear Sir -

Your interesting letter of 27th I have received - and am glad to see that you continue to find marbles. I am sure there are many other interesting objects which you will discover in the excavations - Such a solid temples must have a solid foundation - and the rock you will find it to be - All these representations of the Sun, appear to indicate the temple to be of Apollo(?) certainly not of Minerva - Perhaps this latter was at the back part of the mound towards where the columns and Corinthian capital lies -

I rec'd. a telegram from Mr. Corkson which I enclose - strange to say there is no Bill of lading arrived - nor are there manifests in the Austin Steamer's manifest, nor have they been landed at the Custom house - so I have come to the conclusion they were refused on board at the last moment.

I have telegraphed to my brother about good ex "Austin Friars" - The screw jack you sent in I had taken to peices, and regret to say that one of the peices is broken - To repair it, the blacksmith asked a tremendous price saying that it required a lathe to turn the new peice required - & I could not make him consent to take less than 120 piastres - As this sum is very high, I do not like to give it without your authority - You will see by the sketch what part of the jack is broken. the facture is marked - I have an old jack which is at your service if you wish to have it† - the handle and small catch wheel attached is missing and would have to be made - Then there are some screw jacks in the town which were rec'd from wrecked vessels, and are for sale -



I forwarded your letter for Mrs. Schleimann & addressed as requested - No telegram rec'd. yet from Antwerp -

I send this by express as you may wish to learn cause why mancarts have not turned up, & also about screw jack. Ever yours truly

Mydear Sir

Noon. The bearer takes the 10 carts. He is to receive as hire for the same One hundred and twenty piastres - I have given him fifteen piastres on account so there will remain due for you to pay him one hundred and five (Prs 105) 4 P.M. As yet I have not got any B/Lading - although I rec'd a telegram from Mr Cookson to the effect that they had been shipped by Turkish boat - & they were landed - no letter either by this or by French, but I hear Mr Greek has some documents for you by English Steamer - He is however so occupied with a collision between two steamers one which has been run on shore & filled with water, that I cannot get hold of him - It is getting late, and having engaged the camel drivers from the early morning on receipt of telegraph, so as to cause no delay in forwarding them - I do not know what to do, if the goods are not cleared this evening - as tomorrow is Sunday the Custom house closed -

Anagnosti has again written to me, he says he uses crutches & cannot put his foot to the ground - and in charity to send some one to see him to convince you he is not shamming, but is in the greatest distress.

7. P.M. At last I have cleared the goods. having rec'd. the B/L. and teskeré but with much trouble at the C. H. as they had all left - and were not to return until Monday -

I have not time to send you a/c today

My brother writes he will have goods transhipped immediately -

I have to remain

Dear Sir,

Before this note reaches you, you will I hope have received the 10 mail carts despatched per Turkish Steamer 'Pasper' on 20th instant. The bill of lading was posted on board to the address of the U. S. Consul Dardanelles

for the various items of the despatches. The Consul for Scutari has endorsed receipt by the great Dragoman of the mail from Galata & the receipt of enclosure a Turkish person to Neptune with the letter.

Yours truly

Chas A Cookson

I was again greatly annoyed & disappointed that the rents were not sent off on Thursday as I had announced - but at the last moment - & after I had telegraphed to the Dardanelles for a boat to be sent to meet them by the Austrian Lloyd S.S. - the Captain of that vessel refused to take them on board - though I had procured an order for their embarcation from the Agency in Galata. The delay unfortunately also increased the expenses - as ~~a fresh~~ another telegraph & boat & extra cost of rent for the night were entailed.

I enclose the receipts

Chiar.ma Sig.re

Permettete che io vi scriva in Italiano poichè voi felicemente possedete fra tante lingue ancora la mia. Il vostro Libro Itaque, le Peloponnèse, Troie, che ha tante attrattive per tutti, ne ha poi segnatamente per me che ebbi in altri anni ad occuparmi di alcune ricerche attinenti all' argomento importante da voi trattato. Io ho più volte desiderato che la Troade fosse esaminata sotto un punto di vista che non credo sia stato ancora seguito; e sopratutto quando vidi il vostro Libro mi augurai di avere avuta la sorte di conoscere in precedenza il vostro viaggio, e di avervi potuto scrivere allora invece d'oggi.

Colla massima giustezza di ragionamento voi avete cercata la sede di Troia antica a quella distanza dal Lido che Omero segna pei vari fatti da lui narrati. Non si può realmente allontanare da questo dato volendo procedere logicamente; ma ad una sola condizione, che cioè il lido odierno sia quello stesso al quale ancorarono le navi greche ai tempi di Ulisse, e di Agamennone.

Per un insieme di dati che io non posso qui esporre, e che forse sarebbe inutile perchè voi li conoscete al pari di

di me, vige una opinione che credo da non doversi dimenticare, che cioè il mare internum abbia avuto i suoi lidi più alti di qualche cento metri, e poscia abbassasse stabilendosi al livello odierno. Già Lo Saolo già attestò in modo preciso che questo antico alto lido si vede in Sicilia, come attorno all'Italia; e nelle coste mediterranee della Francia, come su quello di Algeria, e può dirsi tutto attorno al Mediterraneo. Si trova perciò senza dubbio ancora ai piedi delle alture della Troade. Su un tale dato della scienza non cade verun dubbio; ma un dubbio nasce bensì intorno al tempo nel quale fu questo stato di cose, ed in cui avvenne il cangiamento pel quale gli antichi ebbero a dire = rerum natura mutasse faciem = Se però non sono errate certe induzioni cui parvemi di giungere, sembrerebbe che avesse continuato quel pristino stato di alte acque sino ai tempi eroici; e che l'abbassamento sia avvenuto circa ai tempi della celebre guerra. Il littorale pertanto sul quale i Greci posero piede entrando nell'agro troiano, sarebbe stato l'antico lido, più alto dell'odierno, e più entro terra; e, seguendo i vostri giustissimi calcoli, per conseguenza la ubicazione della Troia di Priamo sarebbe portata più in alto, e più entro terra. E quantunque possa credersi che ai giorni di Omero le cose avessero mutato ad assunta

quasi l'odierna fisonomia, pure avrebbe il sommo Poeta nelle sue descrizioni conservata la topografia dei tempi troiani; e tale sarebbe la descrizione dell'Isola di Pharos, della quale io ho parlato nell'opuscolo che ho l'onore di trasmettervi. Credo, io dissi, che niuno abbia visitata la Troade con questo pensiero; ma credo ancora che in una questione di sì alto momento, il dubbio solo, d'altronde fondato, debba chiamare qualche attenzione; come credo inoltre che niun luogo possa essere, quanto la ubicazione di Troia, atto a sciogliere il grave problema. Se dall'antico lido procedendo ad alcuni chilometri entro terra si rinvenissero avanzi di costruzioni ciclopee, quali cominciano già a trovarsi a Balidagh, che potessero convenire alla famosa Città, e se qualche monumento, quale quel preziosissimo da voi messo in luce di Micene, venisse a scuoprirsi, andrebbe allora a stabilirsi un fatto della cui importanza voi comprendete tutta la estensione, per riguardo alla Storia, alla Geografia, ed alla Geologia. E quell'antico lido presto manifesterebbe i propri rapporti col campo greco; perchè frequentato per 10 anni dalle genti achee, darebbe fuori da suoi sedimenti armi ed utensili di una massima antichità, e ciò che è più, di una data

certa. Vi confesso di essermi molte volte doluto che la mia fortuna non mi abbia concesso di poter fare un viaggio a quella classica terra, alla quale il vostro Libro ha aggiunto un nuovo interesse.

Forse voi colla oculatissima ispezione fatta colà ricorderete le circostanze dei luoghi in modo o da escludere affatto la congettura che vi ho accennato, ovvero da farla inclinare verso la medesima. Se male non ho inteso il vostro libro credo che Minerva si trovi nella condizione delle Città ciclopee del Lazio, e dell'Etruria; e l'antico lido marino è a pochi metri al disotto delle mura di Populonia che è posta sul culmine di un colle.

Io vi prego, o Signore, dirmi se nulla vi rimembri che possa chiarire il mio supposto; e vi prego altresì di perdonare la libertà che mi sono presa di occupare forse indiscretamente il vostro tempo prezioso. Ma considerate che voi più che me avete faticato per iscuoprire l'antica Ilio; ma certo non più di me ne avete desiderato il rinvenimento.

Sono con ogni ossequio

My dear Sir,

Rec'd your two letters of 1 and 2 July -
The iron bars are ready and the bearer takes them out. Notwithstanding all the researches of the blacksmith, he could not find any iron bar of the size you ordered long enough. As I know you want them urgently, I tried him to make of the same sized iron as the last - I have found some iron $7\frac{5}{8}$ inches in circumference but they are only 5 feet in length - and I do not know if the blacksmith could make a good weld of it -

Your letter for Mr. Cookson is posted by French boat which is expected in today - I would suggest your next letter for Augsburg should be enclosed in mine to my brother, when he can post it at Constantinople, & thus avoid anyone in the post office here knowing anything about it -

I am glad to hear your mancats work so well - I have sent for the owners of some horse carts to learn on what terms they would consent to go and work at your diggings - and I hope before closing this letter to give you the information -

The exchange here is very perplexing - At the present the £ stg is 125 & 126. a if you wish to change it - In making payments of £1 and over it is passed at 128. -

The screw jack will not be ready until Thursday - when I shall ask him (the blacksmith) what he will take to repair mine - If he asks too much, we had better leave it alone -

Have you cleared out the depression in my field - I mean where the temple stood - that is come up to the tree which you showed me -

There is no marble quarry here - in the meantime you had better lay the marble on its face so as to prevent mutilation - and we shall find the means to move it before long -

I enclose account of what I have spent for you - Do not send me in any more money - There is ample, and after paying Scrivanich & custom duty on Vessels &c. I shall return you the balance -

Mr. Tilly the harbormaster at Cowes did send the A&L and custom tickets to the English Consulate by order of Mr. Cookson - and it took me the whole day to get hold of them -

You asked me for Castor oil the other day - I found some at wholesale prices at a quarter the price asked in the pharmacies - and therefore took you an oke tin (the smallest quantity procurable) for P.T. 23 - this will last you the rest of your stay at Brusali this year, I guess -

Ever yours sincerely -

Frank Calvert.

Shall send out the shovels as soon as they arrive that is after arrival of French mail from Marseilles -

The cart drivers (5 or 6 of them) demand the following terms for working at this military Do commence working in the morning after their horses have eaten their barley until midday when they into rest for two hours, and then resume work until an hour before sunset - each cart to have its own driver - for five hundred piastres (P.500.) for every cart, inclusive of driver, per month (As they are Greeks they will not work on Sundays & feast-days) - If this offer is accepted they ask each P.100 to leave to their families before starting - There are other cartmen offering but are asking P.900 and 1000 per month -

Dardanelles 5 July

My dear Sir.

Many thanks for your interesting letter which puts me quite "au fait" of your excavations in my field -

When next writing to my brother I shall ask him the name of the Austrian Ambassador at Constple - also of the U. S. Consul -

Regarding the carters I communicated to them your terms - They say the horses must have rest for two hours together or they will not work - for the rest they are satisfied as to price - but they wish to make certain they will be employed for a month sure, as otherwise it is not worth their while to go down to Hissarlik - Their £25 will be paid every evening, after deduction of the advance made to them here - Let me know if you agree to the two consecutive hours. They are Greeks (in religion) but rayahs - as the contracts would have to be made on Turkish stamped paper -

Athanas Dadano came to me today & requested I would write to you how the mistake about the boat arose - He brought me in a

letter, but not finding me here he left it - he communicates to the Jew Nissim (my man) that he thought it was for a boat to be sent down to Karachi - whereupon he (the Jew) took upon himself to send down 2 ton Lakisli - I have asked the Jew if this was true and he said it was -

Regarding the marble, my brother & myself have come to the conclusion that reducing it as you propose would much take from its value, as a work of art - therefore think we had better leave it alone for the present - and a little further on we shall manage to move it -

The picks & shovels arrived yesterday - the camel drivers all refuse to take them as there being but two loads they do not think it worth while to undertake the job - I shall try and send some of them by the messenger who takes this present -

On the French P.L. I find charged as "Suite de frais de l'expedition" Remboursement" - Francs 16. which I paid besides the other charges of Fr. 2.90. As the freight from London to Karachi was paid - I do not know why the agents Messrs Grace have made this charge or transhipment - Perhaps it is for custom duty. therefore I have left an English pound as deposit until I ascertain if it has been paid at Custom House - Of course no receipt was rec'd. - In the event of there being no duty paid I have arranged to give Rs 30. good money - or 2% on Rs 1,000.

The bearer takes out the change of £44 or 504 piastres. being exchanged at 116 - The £5 balance I keep in case you accept the terms of the carters -

I send herewith your letters & papers by French & Austrian Steamers.

Ever yrs truly
Frank

The bearer refuses to take anything with him except the letters & coppers - saying that you wanted him to be back this evening -

Dardanelles 7th July 1872

Mydear Sir. -

Many thanks for your letter - the enclosures I posted by austrian -

As all the carters are not in town Nicola remains tonight here to make the contracts with them -

Have no time to write at length to you today - The temple of Minerva must be on the mound adjoining the column lying in the hole - for you will see the capital near there is Corinthian whereas those of the temple of Apollo are Doric. Perhaps if you made hereafter a narrow trench from the tree across to the back of mound you might discover it - when you could work it out if you wished it -

Shall give the groups to Nicola against his receipt. Max Muller has not sent me any groups or letter.

Believe me

Yours

Calvert

Athens 8th July 1872

My dear Sir

The agoiates left behind the jack yesterday as they said it was too heavy. However the carters take it out and also the 10 other picks —

Nicola says it is better not to make contracts with the 5 carters in case they do not suit you. and perhaps it is the safest way — I have advanced them £17 4 0 12s. = Pr. 572 — Nicola has the a/c. of what each rec'd. —

I enclose copy of our a/c. as it now stands. I have now in hand of yours about Pr. 320. The groups J.C. No 3. I give to Nicola against his receipt —

The blacksmith is coming to look at my screw jack today —

You have done very well in not paying Athanas Dardanos — the behaves shamefully and will tell him so if he comes and bothers me again —

I have not rec'd. the greek paper with your answer to Nicolaides., and not having seen Mr. Dokos don't know if he has been more fortunate —

When you arrive at the tree near the temple you would do well to run a narrow trench from there (as a "reconnaissance") towards the small fort where the columns are laying — I am sure the temple of Minerva is buried there — in which case the marbles would be still more carefully worked than in that of Apollo — as Lysimachus devoted his attention to rebuilding magnificently that of Minerva —

Yours truly

Frank Calvert

Henry Schliemann Esqr

Troy

Nicola only left at 4 this afternoon as he had difficulties with the carters — He will explain to you —

Dardanelles 10th July 1872

My dear Sir.

I am sorry to see by your letter that you are disappointed as to the results of excavating in my land. and it remains with you to continue or not - I cannot believe the rock does not exist - And you would much oblige me by informing me if you have found the pavement of the temples, and if so on what this pavement is laid - the rock, or a layer of huge stones? I regret very much if I have in any way misled you - and if you think the results of your labours in my land as uncertain, perhaps it would be best to devote your energy to your large trench -

As to the carts I had not seen them or their horses - I thought you had sent in Nicola to examine them, as you wrote to me - Supposing they do not suit, let them work out their advance + then send them away, which you have a good reason for, if they do not work well + their carts out of repair -

You ask me what I would take for my half of the sculptured marble - It is rather difficult for me to say, not knowing its value - and I must ascertain something about it, before giving a definite reply -

For the jackscrew of mine which you do not now require, the expense for repairing it is small - and I would not think of charging you for it - It will serve for some purpose or other some day -

The cameldriver takes out the 20 wheelbarrows 1 pick and 1 shovel - Your letters for Paris + Athens were posted and postage marked in book by P. O. Office clerk, and this book Christodolo took out with him this evening -

Many thanks for the paper you desired Mr Schliemann to send Mr Dörpfeld and myself -

Ever yours truly

Dardanelles 16th July 1872

Mydear Sir.

In answer to your request, I beg to inform you that I duly received your letter of 18th June last, together with its enclosure, a letter without address, and having followed out your directions I addressed the blank envelope

"To the Editor of the

Augsburger Allgemeine Zeitung

Augsburg

Bavaria"

and then posted it at the Austrian Post office at the Dardanelles -

Believe me, mydear Sir

Yours truly

Frank Calvert

Henry Schleimann Esqr

Athens

Dardanelles 16th. July 1872

My dear Dr.

Many thanks for your long letter of 13th. - I had not the time to reply to it by return of messenger -

The carters have decided on returning to your diggins, having repaired their carts & harness, as they say - It is best to let them work out the money advanced, for to get it back, it is not the easy matter Nicola makes it out for we should have to make application to the Consulate which will give much trouble -

The camel driver has not made his appearance -

I have partly read your report, as it takes me time to get through Greek - It is very interesting, and I thank you for the copy you have ordered to be sent me from Athens -

The name of the Austrian Ambassador or Minister is Count Ludolf - that of the U. S. Consul. Goodenow -

I think the site of the temple of Minerva to be between the trees you intend working up to and the columns - always on the high ground a hillock of Hissarlik -

For the marble slab or sculpture. I have talked over the matter with my brother Frederick - As to Newton, he is renowned as being one of the greatest screws - and always offers a tenth of the real price of a thing and then will ask for something to be deducted, or other object to be thrown into the bargain - We think £500 would be given by an amateur for this beautiful marble - and we do not take our standard from what you write in the newspaper respecting it, but on its own merits - You will have expenses to move it say £20. to London - therefore £400 would be its value here - a £240 for my share - however if you give me £125 I shall let you have it - that is for my part of the same - To pare off any part of it will detract greatly from its value & therefore do not advise you to do so - I hate everything

Yours ever

H. Schliemann Esqr

My dear Sir

I have just rec'd your letter of 5/17? and hasten to reply to it. When your messenger wanted to start I was very busy at the time and told him to inform you that I had rec'd your letter but could not answer it at that moment. but in his drunkenness probably he forgot it—

I hope you rec'd your medicine, letter & papers that came by post—

This morning I wrote to you by the carters, two of whom were to have left today, the third on Friday— If possible let them work out their debt. otherwise it is sure to be a case of putting them into prison to recover it—

I send you herewith a letter to the effect you require about missing date of 18th June—

The letter for Constantinople will be forwarded tomorrow & that for Athens on Thursday—

I am very much occupied these days - and I do not know exactly when

to fix a day to come & visit you - although nothing I should like better -

If you ask my advice as to where to find other objects, I should say, between the columns and the tree to which you proposed to come up to - at a little distance from the wall (near the columns) which I mistook for the rock.

Do not open large trenches, but small ones, in which two men might work abreast. Throw up the earth on each side - If you see anything promising then you might make the cutting accordingly - In the theatre you might also make a small experimental digging close to the marble that appears above the soil -

Perhaps you may think the price of £1/2/- for my share as too much. I assure you it is under the mark. However let us hope, if you do not accept it, that another marble may turn up, and thus solve the matter -

My brother Frederick who is here says that he is in no ways angry with you - and supposes you think so because he has not been near you of late - He had intended seeing you last week - but his harvesting operations take up so much of his time that he could not manage it -

Mr. E. Goodenow
United States Consul General
Constantinople

His Excellency
Count Ludolf
Austro Hungarian Minister
(or ambassador)
&c &c &c
Constantinople

The above are the two addresses sent by my brother James -

I shall send you the telegram as soon as it arrives.

The newspaper I gave to Dokós as I had no time to read today.

Ever yours
Frank Calvert

Gestatten Sie mir ganz frei mich zu äußern: Ihre Artikel wenden in das Gebiet der Unterhaltung fruchtbar, aber die Gebiete A Ihrer Darstellung mündigen Art.

Augsburg erscheint in Augsburg bei Cotta (: Eigenthümer der Allg. Ztg :) ein wissenschaftliches unterhaltend Blatt, „das Ausland" redigirt von Fed. v. Hellwald – dieses Blatt müsste ich Ihnen vor allem empfehlen; es ist namentlich auch das Artikel Ihnen zu Ihrem nützlichen Artikel, das „Ausland" in jeder mehrjährige Exemplare stellt, Sie sich anschaffen — in der jetzigen Gegenwart; ich lese es seit langer Zeit.

Heute ich Ihnen Dies schicken, so komme

Augsburg 17. Juli 1872.

Hochgeehrter Herr Doktor!

Wenn ich Ihre freundlichen Zeilen vom 7. v. Mts nicht schneller beantwortet habe, so war dann hauptsächlich der Umstand schuld, daß ich bis Ende Juni bei der Kunstausstellung in Berlin verweilte und erst bei meiner Rückkehr Ihren Brief erhielt. Ich wollte Ihnen auf die Mahnung Antwort schon und erhielt erst heute einen Termin bezüglichen Brief von einem unserer besten Dichter, einem – rara avis! – Dramatiker erzählenden und Romanschreiben Namen, der schreibt mir unter Bezug auf Ihren Brief, den ich ihm mitgetheilt:

„Ich bin Ihnen, namentlich für Ihre Rechtfertigung der Darstellungsweise des H. H. Schliemann in Halle der Allg. Ztg. ungeheuer verbunden könnte, meist ich nur der „Augsburger Zeitung des Auslands" zu benennen.

Volkstümliches Blatt, wenigstens vorherrschend ist die Allg. Ztg. aber sehr viel zu schwer und wissenschaftlich. Ein politisches Blatt, welches die Kreise der Allg. Ztg. vorherrschend lesen, gibt es in Deutschland nicht. Neue freie Presse (Wien), Kölner Zeitung — alles Schmutzblätter ohne Ansehen, in denen Wissenschaftliches nur gelegentlich zur Unterhaltung aufgenommen wird.

Ob der Mag. f. d. L. d. A. mit allenfalls demselben Vorwurf sich, wie die Allg. Ztg. kann ich praktisch nicht wissen. Glaub ich nicht."

Dies die Meinung des Dr. Philipp Faust, Redakteur des „Fränkischen Kurier" in Nürnberg; mit dem ich sehr befreundet bin u. der zum Mag. f. d. L. d. A. mit die gewissenhaftesten Beziehungen hat. Ich sehe Ihnen den „Kurier" in nächster Zeit einmal gesandt.

Nun meine Meinung:

Ich halte den Mag. f. d. L. d. A.; als verbreitet in Kreisen der Redaktion von Josef Lehmann, als ein

volkstümliches

nur wenig politisches Blatt, welches nur wissenschaftliche, mit Unterhaltungs-Sendung; und hat einen eigenen Abschnitt für „gemischte u. nämlich Literatur u. Literaturbesprechung". Aber ich bemerke, seine Verbreitung ist nicht groß und besonders nicht bedeutend im Ausland.

Fürst Wolfgang über die politische Presse ist ganz richtig: neben der Allg. Ztg. haben wir in Deutschland und Österreich kein Blatt für politische Artikel wie die Chronik — allen übrigen Blättern fehlt Interesse Kraft und Gehalt. Und abgesehen davon wissen wir nicht, ob der „Neue Freie Presse" (wenn nicht sehr schlechte Fälschung des Herausgeber-Literaten Simmels Blatt) kein gefährlicher Konkurrent, der uns in Deutschland so verbreitet wäre, wie die Allg. Ztg., — neue Ausland Hoffnung ist nicht, da ist neue deutsche Zeitungen im Gründen gegenüber uns die Allg. Ztg. verbreitet. Übersetzt die deutsche Presse — Elend! die gründen Augen Kaiser mit geringen Ausnahmen in Händen der Juden u. Judengenossen, alias Freimaurer.

Die „Gartenlaube" ist selbst verbreitet, wenig verbreitet, ich glaube sie hat mehr Auflage

des besonderen Interesses, die allg. Ztg. nicht besitzt. Auch ist mir sehr daran, die jüngsten Resultate Ihrer so sorgfältigen Forschungen zu haben, deshalb Sie übersandt sein. Lesen Sie es für mich als neue Schwierigkeit an, wenn ich Sie ersuche, das Ihnen Ihrer Zeitschrift Verbundenen in Erfüllung mir sehr gnädig ist – Ihr Name wird oft in Briefen u. Zeitschriften anerkannt genützt – Sie wandeln es mir, den selben Leitfaden und selben wenig gegnügt, und was wenig neu selbst Ihnen gebenst, mir Sie.

Ihre liebenswürdige Hand genossen theilt also seit Monaten die Genüsse, aber uns die grossen Resultate entdeckten der Arbeitsfeld bei Tage; ich fasse, selbe wie uns Sie, befindet sich recht wohl. Ich bitte, ist sorglichst Grüsse uns mir zu entsenden. In Erwiderung der gütigst übersandten Arbeiten von Alfen habe ich dasselben in Mitg einige Bemerkungen und Ergänzung übersandt, – ich fasse, selbe sind in ihrem Bestimmungsort angelangt.

Ich und mein Haus sind wohl; ich brauche die Monate April, Mai u. Juni in Berlin bei der Einsetzungsfeier zu – wie in jeder Beziehung sicht unumgänglich Aufenthalt um so mehr als die Resultate der Kassen Einsetzung so beschaffen sind, wie sie nur der allein maßgebenden Grundzeitzeit in der Einheit und der Volksmasse sein sollen. Den nächsten Monat habe ich Urlaub – ich denke ihn zu einer Reise mich Konstantinopel zu verwenden, es sind aber neue Hindernisse eingetreten, so daß ich mich mit einer Längeren Zeit begnügen muß.

Dann ich Ihnen in der Einigung Benachrichtigung angelegentlich oder in mehreren für einen weiteren meinen Dienst verweisen, so wird mir das besondere Anzeigungen machen; – ich bitte nur ohne Umstände mir zu schreiben.

Ihr Brief interessiert mich sehr, -
da ich nicht weiß, ob Sie mich bereits
wieder gänzlich gefaßt sein u. ob in Ihnen
nun klar geworden ist.

Mögen Ihre Antworten bei Ihnen sachliche
Unterstützungen durch glücklichen Lösung behoben
werden und mögen sie insbesondere durch
die gnaden Lösungen nicht Ihnen bieten
an Ihrer Gesundheit — und zum Schlusse:
Alles Glück und Heil kann zu neuen Landen
Klaren Agamemnon!

Mit aufrichtiger Verehrung und Hoch
schätzung

Ihr

ergebenster
Schr

ist zu Folgendem:

Von allem die Allg. Ztg. verfehlt vorzüglich
nun die Aufnahme des Artikel angehen, — selbst
sie ist abschließen, hinsichtlich dem „Ausland" anbelangt.
Was mich nun diese Zeitschrift, so muß ich es
Ihnen überlassen, ob sie Ihre Zustimmung zum
„Allg. f. d. Lit. des Orients" nehmen wollen — es
wird mir und nun Vielleicht Zeitung würde ich mich
nicht wundern. Ich würde in diesem Falle
die Artikel in ein englisches oder französisches
Blatt geben, von wo sie mich sicher dem Allg
in Deutsche Blätter finden werden — wäßige
Falls bin ich gerne bereit Ihnen mitzuwirken.
Warum Dr. Faust in seinem Schreiben d. „Ausland"
nicht namentlich hat scheint mir kein genügender
Grund zu sein, daß d. „Ausland" mit der
„Allg. Ztg" nicht innig Verbindung ist.

Nun habe ich Ihre Anfrage noch nennen
besten Wissen beantwortet.

Ich selbst habe in der „Allg. Ztg" fast Monatlich
ungefähr auf Artikeln von Ihnen gesehen,
Ihr Schreiben gab mir Aufklärung. Hinsichtlich
des Grundes der Nichterscheinens Ihrer
Artikel so möchte ich doch noch bemerken

Ἐν Ἀθήναις τῇ 5/17 Ἰουλίου 1872.

Εὐλαβέστατοι ἐξάδελφε, χαῖρε.

Δὲν ἠθέλησα ν' ἀναχωρήσω τὰς ὡρισμένας ὁλιγας ἡμέρας διὰ τὰς παρούσας μου, ἀλλ' ὅμως εἶμαι ἠναγκασμένος νὰ σᾶς γράψω ἓν ὀνόματα διὰ ἀπόφασιν.

Ἐν τῇ ἐγκυκλίῳ μακρᾷ ὑμῶν ἐπιστολῇ παρατηρῶ, ὡς μὲ ὤφειλε, λάθη ἐνιαχοῦ διαφθείροντα τὴν ἔννοιαν, διὰ τὰ ὁποῖα λυποῦμαι σφόδρα, ἀλλ' εἶμαι ἠναγκασμένος ν' ἀπολογηθῶ, φέρων ὑπ' ὄψιν μικρὰ ἐλαττωματίας τινὰς καὶ ὅτι ἐσυνήθισα τὰ ἁμαρτήματα ταῦτα· ἄρχομαι δὲ ἀφ' ἑνὸς τούτου ἀπὸ τοῦ πρώτου λάθους, ὅπερ βλέπω παλαιότερον.

Πρὸ πάντων δυσαρεστεῖ ἡ ἐκλαῦδα "ναρξις τοῦ θεοῦ τοῦ Ἡλίου" ἐκλαῦδα τὸ ἄρθρον "τοῦ" μὲ ἔκαμε νὰ μεταβάλω αὐτὸ εἰς "ναὸν τοῦ Ἡλίου", ὑπολαβὼν ὅτι παλαὶ λάθος ἀντιγράφου "θεοῦ" ἀντὶ "ναοῦ", παθόντος μάλιστα τὴν λέξιν "ναός" καὶ μικρὸν ἐμφανισθὲν ἴχνος καὶ διότι τὸ "θεοῦ τοῦ Ἡλίου" δὲν τὸ ἐννοοῦν ὅλοι ὁ Ἥλιος ἔχει θεόν, ἀλλ' = ὁρᾶς τὸ "θεοῦ Ἡλίου" ἢ ὡς εἶναι, ὁρᾶς τὸ "ναοῦ τοῦ Ἡλίου".

Ὡς ὁρᾶς τὸ δεύτερον λάθος "ὁ τοῦ Ἡλίου οὗτος θεὸς ἐνόμισεν ὡς σύμβολον τῆς σελήνης Ἥλιον ..." τὸ ὁποῖον φέρει ὡς σύμβολον τοῦ Ἡλίου, ἀντὶ τῆς σελήνης Ἥλιον εἰς γένος οὐδέτερον καὶ οὐδαμοῦ αὐτό, ὁ δὲ ἀξιόλογος Κύριος συνταύτισε τὴν ἐφημερίδας τῶν ἐφευρόντων, μὴ ἐννοήσας τοῦτο, ~~κακῶς~~ μεταβάλλει εἰς "σύμβολον τοῦ Ἡλίου".

Ὡσαύτως ὡς ὁρᾶς τὸ τρίτον λάθος "ἐλοίπωνα ὑπὸ τὰ ἁγιάσματα τοῦ ἐκλελοιπότος ναοῦ" ἐνῶ εἶναι γεγραμμένον "ἐκλελοιπότος", ὁ ὁλοιχυροδέτης ἔγραψεν "ἐκλιγοῦς".

Τοιούτως ὡς ὁρᾶς τὸ τέταρτον λάθος "ἡ ἐπάβη ἡμῶν Ἀθηναίης ..." καλῶ ὀνάντιγραμμένον "Ἀθηναίης", ὁ ὁλοιχυροδέτης παρανοήσας τοῦτο καὶ ὑπολαβὼν ὅτι εἶναι λάθος ἀφῆρε τοῦτο, γράψας "Ἀθηναίους".

Ὡς ὁρᾶς δὲ τὸ πέμπτον λάθος "καὶ αἱ παραδοξόταται εἶναι ἀμφιρυθεῖσαι τοῦ ὁλομάχου μέμναι χύδαι" τὸ ὁποῖον φέρει "καὶ αἱ ..... ἀμφιρυθεῖς ..... μαμνάναι χύδαι" καὶ

εἰσφέρουσα μεταγράφει ὁ Κοδικογραφικὸς ἔγραψε ἀμφιβολία.

Ὡς πρὸς δὲ καὶ τοὺς βέβαιους πρὸς γραφικὰ ὅμοια ὑπάρχει συμπτώματα μικρὰ μὲν ἐν τῇ ἐμῇ ἀντιγραφῇ καὶ μικρὰ ἐν τῷ τοῦ Κοδικογράφου ἐπινοούσῃ ὡς ἐπιμένει ἡ διαφορὰ αὐτὴ, καθόσον τὸ σημεῖον ο. χ. ⩥ δὲν τὸ εἶδα ποτὲ καθαρὰ ἀλλὰ ἀμφιβολίαν, ἢ ἐπινοοῦσα ⩥, ἐνῶ τὸ σημεῖον 11 τὸ εἶχον σαφῶς, ἐνῷ ἐπινοοῦσα "11".

Καθόσον ἀφορᾷ τὸ ἕνδεκον λάθος "ὁ ἐν βάθει ... ὑπόκειται ὀρίων ἢν .... καταπεπαυμένος, ὥστε .... ἐνόμιζον ὅτι ἦτο υἱεῖς" ἐγὼ μεταβάζω ἐπὶ λέξεων "υἱενον" διὰ τῆς λέξεως "υἱεῖς" καὶ οὐχὶ "υἱεῖς" ὡς ἐπινοοῦσα.

Ὡς πρὸς τὸ ἕβδομον λάθος "ἡ σάλπιγξ Ἀχίλλειον καθοδηγεῖ ὁμοῦ μετὰ τοῦ ἀετείου νοὸς τῆς Ἴλιου· Πρίαπος (Ε. 33) ἐστιν οἱ τοῦ Ἀχιλλέως ἀφανισμοί" τὸ ὀρθὸν ἔχει οὕτως "ἡ σάλπιγξ ..... νοὸς τοῦ Ἴλιου Πρίαπος (Ε. 33) ἐστιν οἱ ..." δὲν ὑπάρχει ἀνάγκη ὁλόκληρα μετὰ λέξεως "Ἴλιου". διότι ἔγραψα "νοὸς τοῦ Ἴλιου Πριάπου (Ε. 33), ὅπερ ἐστὶν οἱ ..."

Ὡς πρὸς δὲ τὸ παραλειφθὲν μέρος δὲν τὸ παρέλειψα ἐγώ, ἀλλ' ὁ Κοδικογράφος, καθόσον μάλιστα ἂν καὶ ἐμπιπτούσης πρὸς ἀποβαίνουσαν παρὰ τοῦ Κυρίου συντάκτου τῆς ἐφημερίδος ἐξεμπιπτόντων τὸ ἰδιόγραφον ~~χειρόγραφον~~ ἀντίγραφον, μαῖς ἀνήκουσαν ὅτι δὲν τὸ ἔχει, ἀλλὰ τὸ ἀνθρώπων; ὥστε εἶναι ἀνάγκαιον νὰ τὸ παρέλειψα ἐγώ.

Ὡς πρὸς τὸ ὄγδοον λάθος "ἐστιν ὅλως φρόνῳ ὡς ἔτει 1867 ἐν τῇ ... ἐφημέρῳ Δαμοῦς τοῦ Κυρίου Νικολαΐδου" τὸ ὀρθὸν φέρει "καθαρῷ ἐνημέρῳ Δαμοῦς".

Ὡσαύτως πρὸς τὸ ὀγδόον τῆς Τροίας ἐπιπέδου σταυδρόμου τοῦ ὄρους Ἰσαρλὶκ ἐν ὥρᾳ ἡμισείας ὥρας, ἐν μήκει δὲ μιᾶς καὶ ἥμισυ ὥρας ὀλίγον βορειοανατολικῶς" τὸ ὀρθὸν φέρει "τὸ ὀγδόον ἐπιπέδου σταυδρόμου τοῦ λόφου Ἰσαρλὶκ ἡμιόλιαν ὥραν ὀλίγον βορειοανατολικῶς".

Ὡς πρὸς δὲ τὸ "χάρις τῷ Θεῷ ὑπάρχουσι σημεῖον τῶν ἀνασκαφῶν μου κάθοδον τοῦ ὑπὸ ἐμοῦ ἐρευνῶν ..." ἐπιμένω "χάρις τῷ Θεῷ ... παρὰ ταῖς ἀνασκαφαῖς μου νοὸς τὸ τοῦ ἐμοῦ ἐρεύνα" καὶ οὐχὶ ὡς ἐπινοοῦσα "ἐν ταῖς ἀνασκαφαῖς μου".

ὡς πρὸς δὲ τὸ σωματοειδὲς ἔχειν λάθος, διὰ τὸ σῶμα λεγόμενα καὶ ἐνυπάρχειν, παραπλησίως ἔχειν. τὸ πρωτότυπον φέρει "καὶ ἐμὲ συμπαραλαβεῖν συμπεριφορᾶς ἐπὶ γνώμῃ τοῦ . . . ἕως οὗ . . . μοὶ ἀποδῶσιν τὸ ἐναπόθετον". Προέκυψε δὲ τὸ λάθος τοῦτο, παθόσον ἡ λέξις συμπεριφορά = συνεμπορία ὑπὸ γεγραμμένων πρώτον συμπεριφορᾶς καὶ πρὸ αὐτῆς ὑπῆρχεν πάλιν καὶ ἡ διαγεγραμμένη λέξις συμπαραίνεσις ἐνιαυτοῦ χρόνου, παθόσον δὲ διαρκοῦσι οὐχὶ παθαρῶς οὕτω "συμπεριφορᾶς" ὁ δὲ τόνος ἐμενεν ὡς εἶχεν ἐν τῇ συγγραφῇ "ῖ", ταῦτα δὲ μοὶ ἔπαιρον νὰ τὸ ἐπιλάβω ὡς ἐνιαυτία, παθόσον μάλιστα ἡ ὥρα παθύτερα μοὶ ἐνεχρονοῦσε μοὶ νὰ ἀναβλέψω εἰς τὴν ἔννοιαν, ἀλλὰ μόνον εἰς λάθος, διότι ὁ κύριος συνάπτης τῆς ἐμπορικότητος τῶν ἐμπιπόντων ἔμελλεν ἄνευ ἀναβολῆς νὰ ἔχῃ εἰς χεῖρας τὸν τὴν ὅλην ἐνδυσιν τὴν ἀπαιτουμένην ὡραίαν, ἄμεσος δὲ ἔμελλεν ὅτι δὲν δὰ ὡφελήσω νὰ παραχωρήσω ἐν τῇ ἐμπορικότητί μου τὴν ὑμετέραν ἐνδυσιν, καὶ ἡ ἐπιβούλη ἐπαναλάβῃ, ὅπως τὴν ἀπολύσω αὐτόν, νὰ διορθώσω καὶ ἀντιγράψω ἀντὶ ὀδύνης ἐν διαλύσει ἑνὸς μόνου ἡμερησίου ὀλόκληρον τὴν ὑμετέραν ἐνδυσιν, ὀλίγων ὡρῶν αὐτοῖς ἀναλώσασα σχεδίας ὡς πρὸς μέγεθος αὐτοῦ ἀπαιτουμένην, ἐπαμύναθη-δὲ ἡ ἐπιβούλη καὶ οὕτω δὲν παρεμένομεν τὴν ἐνδυσιν καὶ ἐν δικαστηρίῳ.

Ἐξῆν λοιπὸν τοῦτον παραφαίνεται ὅτι τὸ ἀρχαῖον λάθος ὡφειλόμενον ἐπὶ τοῦ Κυρίου συνάπτου τῆς ἐμπορικότητος τῶν συμπιπόντων, σὺν τῷ ἐλάχιστον δὲ λάθος ἐπιμένομεν μου ἦρχε νὰ μοὶ φέρῃ, ἐὰν εἶχον τὸν ἀναλογοῦντα καὶ ἀναλογοῦντα ὡς πρὸς τὴν ἐργασίαν χρόνον. Εἶχεν δὲ μέγα θέλειν νὰ παραχωρῆσε δὰ τὰ ἄμεσα ταῦτα, παθόσον διέφερον τὴν ἔννοιαν, οὐχ ἥττον ὅμως τὸν δὰ τῆς παραχωρήσεως τῆς ὡς πρὸς τὸν συνάπτην τῆς ἐμπορικότητος τῶν συμπιπόντων ἐπιβολῆς τὸ ὄφλημα διορθοῦται παθόσον παρορᾶται ὡς ἐνὸς τὸ ἐλάχιστον συμβαίνοντα κατὰ τὴν ἐπιβούσιον, ὅσῳ δὲ μᾶλλον τὸ ὄφλημα διαιωνίζεται, ἐὰν ἐπαναλάβῃ τὸ ἐπιτίμιον τῆς ὑμετέρας ἐνδύσεως μέρος τὸ ἀφορῶν τὴν διαφορὰν ἴδε V. 307–308 ἐν τῇ ὑποσελίδῳ ὑμῶν ἐνδύσει.

Οὐδόλως δὲ συνέλαβον τὴν ἀρχὴν ἰδίαν νὰ σᾶς ἐπαναλάβω, ὅπως ὑποδιορίζω τὸν Κύριον Νικολαΐδην. Καὶ εἶναι ὅλως δι-

Myden Sir.

Many thanks for yr letter of 18th — I am writing to my brother James to ascertain what you had better do under the circumstances, that is to write through the H. B. M. G. or direct to Austrian Ambassador — You can afford to wait until the telegram is rec'd from Anglesey so that the point should be cleared up if the letters you sent to the Editor of the Gazette were suppressed, that is stolen —

I am off tomorrow to the interior & will not remain more than a day or two out —

I have been unable to find out the emperor's name in the classical dictionary — Are you sure the first letters of the third word are ΑΔ... ? On my return I shall make more researches to ascertain who the gentleman is —

You have very different ideas of the value of this money to what I entertain

130 (6)

I think the lowest offer you ought to have made ~~for~~ is not less than £50. at which price I shall also be disposed to accept — If this suits you make your arrangements accordingly — but whatever you do, do not shorten the plate. but saw off the back, and make it thinner. when the idea of the piece of sculpture would be preserved. it might be a little more expense, but then the value is comparatively increased, as rather preserved —

The £ & ℔ we exchanged at 126. and the account thus stands

25 medjidis @ 23 10/40. —	P:	581.10
Copper ———————		677.10
Deducted for cotrpbg. ———		1.20
	P:	1260.—

The charge for the boy is made as the Consul says you have kept three of their boys —

Send your letters & papers by bearer

Yours ever in haste

Paris 22 juillet 1872

à Monsieur James Calvert,
Consul d'Amérique,
pour Monsieur H. Schliemann
aux Dardanelles (Turquie)

Monsieur,

J'ai l'honneur de vous accuser réception de votre lettre du 27/9 juillet à laquelle je m'empresse de répondre.

J'attendais toujours votre arrivée selon ce que vous m'aviez annoncé à Vichy la seule cause de mon silence. Je vais assez bien, très bien même malgré l'excessive chaleur qu'il fait ici et nos maisons sont toujours à peu près dans la même situation au point de vue des ventes et des recettes.

Au surplus, vous en jugerez personnellement par l'état ci-joint des recettes à faire.

En ce qui concerne la question des

Je conçois et je partage la peine que vous éprouvez à la perte de vos volumineux rapports ; mais je ne saurais trop vous engager à surmonter votre chagrin ; il faut avoir de la philosophie, surtout lorsque comme vous, l'on possède la santé et la santé.

J'ai envoyé de suite par la poste la lettre qui se trouvait dans le même pli que votre dernière.

Je prends bonne note de vos instructions pour les lettres qui proviendront de la rédaction du Journal.

Je vois avec plaisir que vos feuilles vous intéressent de plus en plus.

Les caisses sont assez bien tenues et Monsieur Laygue est bien portant.

Et vous, je vous prie, Monsieur, la nouvelle assurance de mon entier dévouement.

P. Beaurain

Les immeubles elle se traduit par ce:
Sur expropriations forcé, ou palais,
les maisons se vendent dit-on à 10
pour cent du revenu brut.
A la chambre des notaires, ou les
ventes sont facultatives, il n'y a
pour ainsi dire pas d'adjudications.
Il est probable que les immeubles
hausseront après le classement du
nouvel emprunt c'est-à-dire au
commencement de l'hiver prochain,
parce que les applications sérieuses
de placements ou de spéculations
devront se porter sur les maisons
à vendre quelques quartiers
populeux toujours malheureusement
possibles.
Jusqu'alors la baisse sur
les loyers n'a pas augmenté;
mais il pourrait se faire qu'elle
s'accentuât dans certains quartiers
comme celui de la rue de Calais et
les petits bourgeois et les petits employés
qui vont ou à la campagne aux
environs de Paris n'y rentrent pas.
Je ferai à Messieurs Schröder le
versement trimestriel du terme échu
d'après vos instructions.
Les loyers rentrent assez bien
à ce terme-ci.
Si la République venait à être
définitivement établie il est probable
que l'Assemblée rentrerait à Paris;
mais si un gouvernement
monarchique survenait il est
certain, à me semble, qu'il faudrait
bien du temps avant que l'Assemblée
pût se croire en sûreté dans
notre malheureuse capitale.
J'ai eu le bonheur de recevoir
la visite de votre ami Monsieur
Amiral de Saint-Pétersbourg et
je lui ai fait bon accueil bien entendu.

ним указаниям. Слава Тебе Господи благополучно завершилось данное дело. Ноября месяца я нашел в хронике С.П. Ведомостей краткую заметку о Тебе самом – оригинал, к сожалению газеты не сохранился, прислал мне в Киев, с тем чтоб сделать с Тебя копию для моей собственной коллекции вырезок в нашу библиотеку Кадетского корпуса "С Невы", в Ведомостях, Гласе" и нашем и французском языках и в "Сыне Отечества и Северном Архиве". Это было напечатано в Крыму на пути моем. Недавно французский император очень хвалил мне одну из присланных книг и попросил Тебя, чтоб тебе, сделавшему ему подарок одну из означенных книг, сказать Тебе чтоб Тебе сделать ее сам выписать.

Я довольно много занимался с французским языком, особенно говорением и практикой. Купаться здесь очень хорошо, вода свежая и небольшой прибой. Погода стоит прекрасная. Благодаря приказанию Тебе денщик мой будет иметь дозволение до Франции ехать со мной в Киев, куда я надеюсь выехать 15-го Августа на пароходе в Рижу, оттуда в Варшаву, где я пробуду несколько времени в Киеве, где я надеюсь быть 15-го Августа на каникулы в Кадетском корпусе. Мадам Тебе благодарит за приглашение ехать со мной. Тебе мой мальчик из Москвы будет в 4-м переходном 1-м классе, а Коля в 6-м классе. Я надеюсь еще в Августе сделать с Тебе

Кроме Владикавказской дороги в России еще только по-строено на Лодзь-Сосновицкой дороге и Вильно-Ромненской где Вильно в Ромны Полтавской губ. Таких дорог в России в скорых временах образуется одна прямая линия соединяющая Петербург с Черным морем не Лодзь и Севастополь

Hochgeborener Herr!

Um gütigen Missverständnissen vorzubeugen, und in Folge der Aufforderung des Herrn Frank Calvert erlaube mir Euer Hochgeboren genau eine Karte über deutliche Übersicht der für Ihren Gebrauch gefertigten Platten gefälligst, wie auch die Preise für alle nachfolgenden Lagen der Original-Glasplatten, einzusenden. I.) 1/2 Platte, 17 Centim. lang, 12½ Cent. breit per Original-Aufnahme 15 Francs. jede nachfolgende Lage auf Papier pro Stück 3 Frcs. –

II. 1/1 Platte 23 Cent. lang 17½ Cent breit jede einzelne Original-Aufnahme 20 Francs. jede nachfolgende Lage auf Papier pro Stück 4½ Frcs. –

Sollten Sie viele Copien auf Papier benöthigen, so würde ich mich mit Ihnen darüber einigen, die oben angegebenen Preise verstehen sich für das erste Dutzend Copien à bei jedem darauffolgenden Dutzend wird der Preis allemal um ½ Frcs pro Stück vermindert.

Nach Herrn Fr. Calverts, wie auch nach meiner eigenen Ansicht, würde es das beste sein, wenn Sie selbst für mein Hin und Zurückbefördern sowie für etwaige Nachkunft sorgen wollten, indem ich selbst ganz fremd und unbekannt in dortiger Gegend bin, und Sie die Preise kennen wie Sie mich auf die beste und billigste Art nach dort schaffen können. –

Mindestens gebrauche zum Transport der Maschine 3 Gläser 3/4 1 Paar Federkasten, welche bis 1811 zu haben waren, es wäre zweckmässig wenn dasselbe 2 grosse Körbe zur Seite hätte. –

Dann bitte Ew. Hochwohlgeboren, mich mindestens 8 Tage vorher, bestimmt den Tag meiner Abreise wissen zu lassen, damit während meiner Abwesenheit meinen eigenen Geschäften kein zu grosser Abbruch geschieht, und ich alles nöthige zum Mitnehmen vorbereiten. Auch müsste ich annähernd wissen, wieviele

Argumentationen zu machen sind, damit mir die Gläser später nachgeben.
Mit freundschaftlicher Achtung und Gruß

Dardanelles 24th July 1872

Mydear Sir.

I am not indifferent to the discovery of the Troja walls. and it was only that I was not sure whether your labours had been crowned with success, that I did not offer you my congratulations. for when you wrote to me you had not gone to any depth. to me it is particularly interesting, and I need not assure you how glad I will be to see the mystery of Troy solved. thanks to your perseverance and expenditure you have succeeded in doing what no other person has attempted on such a large scale. You ought to read Maclaren's work, as the whole question of the identity of Troy is site with Troja is maintained.

I regret that you should also have misunderstood me. I would willingly have come to visit you & see about moving the marble, but I am particularly occupied at the present moment. My brother leaves for the farm today, and he says he will see you in the course of a day or two to come to some better method of moving the slab. I shall of course do my best to assist you in shipping the marble. but think your best plan will be to ship by some fleet sailing ship & do it quietly for it is a heavy mass and difficult to ship in a hurry.

The photographer is not first rate as he would not be after Daul. I have seen some tolerable prints he has made. but cannot tell you what his usual work is like.

I have 5 baskets and 3 bags now of yours. You sent in two ~~baskets~~ bags, not baskets, as you write, today.

Your letters I will post myself after French P. O. I have done so often myself. and the Jew Nissim but seldom does so. I do not think more than twice since you have been at Bissarlik. your messenger is generally take them letters themselves & get the P. O. clerk to write down the postage in the book. It is certainly a mystery the disappearance of so many letters of yours. Of mine I have not lost a letter during the last six months.

. At the P. O. they refuse to take the packet for Mr. Curtius (as it is sealed) except as a letter. the postage on which would be frightful. I have therefore

131 (b)

thought better to take out B/L. on which I have paid Francs 6½ (5 for freight and 1½ Govt. tax to pay off the Prussians) – It cannot be lost for we always can get a duplicate B/L if necessary – but I am sure it will reach safely –

For the wood you ask me I have sent round to all the wood merchants but could not find any hard oak the size you require – there are of 3 metres long. by 10 centimetres broad and 13 deep – others of 3 metres long and 24 centimetres broad and 24 deep – but these latter are very heavy and cumbrous for a horse to carry. I await your instructions –

I send you a small supply of fine which you will have to mix with water – just a good pinch to half a tumbler of water.

Believe me yours very truly Frank Calvert 1872

Your letters I have posted myself by French Post – Fk Calvert

My dear Sir

The opportunity for the shipment of the marble block by the Greek vessel now at Karaoglik is certainly most tempting – but I am certain that if an application were to be made to the authorities they would decline granting permission until the matter had been referred to Constantinople, and in the meanwhile strict orders would be given to prevent any shipment being effected until an answer had been received from head quarters.

In my opinion, therefore, it would be best for you to have a little more patience and your object would be attained slowly it is true – but surely.

If however you decide upon availing yourself of the present favorable opportunity – your best plan would be to set to work at once, as if you had no doubt whatever of your right to do so – and take you measures so that when once you set to work the shipment of the block should be effected with promptitude in two or three hours time – there would thus be no time left for any obstacles to be put in your way especially if you commence active operations late in the afternoon.

You could justify yourself hereafter by the fact that the marble was found in my brothers field and that you had purchased his share.

Work well beforehand, however, how far your future operations might be affected by your success in this instance.

If I thought that there was the slightest chance of a successful application to the authorities, I would have gone today, on purpose, to the Dardanelles to obtain their permission but I am sure that were I to do so I would thereby most certainly destroy any chance there may otherwise be for you to effect the shipment before Thursday.

I shall come in the course of the week to see the tower – It seems to me however that if it is only 10 feet square it cannot have been a very large one – and could scarcely have held more than 50 fighting men.

Yours very truly,

C. T. Newton

Dardanelles 28th July 87.

My dear Sir,

I have received your very interesting letter - and would like very much to come and see the buildings you have brought to light - Dr Schliemann whom I have seen wishes also to pay your diggings a visit but I cannot fix on a day, nor he either, as at the present moment we are much occupied -

We have talked over the matter of the marble, and it appears we are of the same opinion - to talk to the Authorities would be the very way of preventing it from being shipped - as they would have to take cognizance if the affair was brought so publicly before their eyes - it must be done quietly but how, and I am sure Nicola knows how to manage the people at Koumkalé - a small backsheesh sometimes is worth more than all the talking up here and likely to settle the question of getting the slab on board without any fuss -

I do not think the Krieger can take at more than 4 of the timbers you require as they are heavy. I have given orders to cut them to the measure you gave - They cost fr. 12 the piece -

The group from Hanson I have retired from Agency - and hold the same at your disposal -

Your two baskets have been rec'd and put in store -

You might reply to Mr Curtis what proof has he that the remains at Bounarbashi are Trojan -

Believe me ever yours truly

Frank Calvert

Myden Li.

Hope you will succeed in getting off your marbles. and I am sure Nicola is the man if necessary to smooth down any difficulties there maybe from Kountaki. They will shut their eyes if the thing is done quietly.

You letters I sported myself to make quite one, in case you wish to make any reference to me.

The cheapest quinine I could get cost Pias 96 the ounce which I send herewith.

Neither Mrs Dokos nor myself can fix a day for passing you our visit, but hope to do so next week. I am very curious to see the walls you have discovered.

Excuse haste believe me ever yours.
