Dear Virginia,

I am as usual behind in making up the bills for offprints. It is helpful to know that yours have arrived as I could hardly expect you to pay for them if they had not. Unfortunately, you ordered more than anyone else, and so there is no chance of any extras. Two more reasons for being unable to send more: the offprints of the plates are run by article so that there are seldom any extras of one because another has had more ordered; by this time the printer would have disposed of any leftovers. The printer sends them out, unlike the AJA, and so we never see them.

My best wishes to you for strength mental and physical in your orthopedic consultations.

Yours truly,

Marian H. McAllister
