The following Thrasim^(?) at the Kerameikos are not cited in Ét. Thras. IV (apparently):

KGA 359	(Keram. VG 359)
392	392
398	398
483	483
866	(Keram. 48)
1028	208

The first five have been found illegible, and of the last the category is in doubt.

Better examples have since made it possible to read Hpaγόργς in the type of Bon 1837, and Kpivis in Bon 2010
